WRITE IT DOWN, SEND IT IN

My Brothers in Freemasonry, I greet you through our house organ, THE CABLETOW. By house organ we mean a publication mainly for internal use — to carry messages from the Grand Lodge to the brethren, from Lodge to Lodge and from brother to brother, as well as means of disseminating information of interest to the Craft.

Upon my visits to the Lodges and District Conventions I see and hear many interesting items that should be shared with all the brothers of our jurisdiction, but I find they are not being written up and submitted to the Cabletow. I'm not talking about a report that the District met in convention, received visiting dignitaries, called the roll, listened to Lodge reports, a speech and closed the Lodge. I'm talking about the stories of what the Fraternity is doing in various communities, what the brothers are thinking, what Masonry is all about in their minds and hearts, what it means to their family, etc.

I think you will agree with me that we have a better looking publication with the new manner of printing it. I know some brothers think it is fulfilling a need, in fact we have recently been highly complemented on the very fine June issue; and other do not agree.

The staff of the Cabletow is anxious to give you the best possible. But they need more material; they need material from the Lodges and the Brethren. Send in your stories. Every one may not be printed but the greater the selection the better the publication. Let us all support the Cabletow with more and better material. I call upon each and every brother and each and every Lodge to assist.

Fraternally,

JOHN O. WALLACE

LODGE STAGNATION

A Hindrance to the Growth of Masonry

By W. C. Councell, P.G.M.

The dictionary definition of stagnation is a most accurate description of the majority of Lodges in Masonic District No. 1 (Greater Manila). Stagnation means to become inactive, sluggish or dull.

As I constantly read and research to find ways to improve Masonry in this Jurisdiction, I repeatedly run into the word *consolidate*. If you will read our Proceedings of 1936, you will find on Page 18 the year end report of M.W. Samuel Hawthorne. This report was written almost 40 years ago and it is just as accurate today as it was in 1936. What a boost for Masonry in the Greater Manila Area to have 10 strong Lodges than to have 29 stagnated Lodges. Some of us are impressed by numbers but sometimes numbers are very misleading and denote a weakness. Please read Brother Hawthorne's article and use your own judgment to its accuracy in 1974. Our Growth Committee would also do well to Note its contents.

CONSOLIDATION OF LODGES

During the year, Corregidor Lodge No. 3 and Southern Cross Lodge No. 6, both of the city of Manila, resolved to consolidate. All the requisites of paragraph 151 of the Constitution have been observed and all that is lacking to effect the consolidation of these two Lodges is the approval of the Grand Lodge which, I am sure, will be readily granted. The papers are in the hands of the Committee on Charters which will make its report and recommendation later in the day.

The example of these two Lodges, which are both financially sound and vigorous, should be imitated by some of our small and weak Lodges. There are about twice as many Lodges in Manila and vicinity as there should be, and a man must be blind indeed not to see the deplorable results of this multiplicity of Lodges. Chief among these are the soliciting of members and the lowering of the standards of admission. Next we have the poor financial condition of the average small Lodge which makes it impossible for it to attend to its obligations towards distressed Masons, their widows and orphans, in an adequate manner, or in any manner at all. And, finally, the standards of Grand Lodge membership are being lowered by the Past Masters and officers of Lodges which, having but few members and part of these admitted on solicitations or with little regard for qualifications, have filled their chairs with Brethren lacking in capacity and instruction. Debt-ridden Lodges which cannot find others willing to consolidate with them because that would mean taking over their liabilities, should surrender their charters, but all other Lodges that find existence difficult should choose consolidated as a way out of their difficulties.

THE PAST MASTER IN THE LODGE AND IN THE COMMUNITY

BY MAURO O. BARADI, PGM

The ruler of a Masonic Lodge is addressed as "Worshipful Master". To be "Worshipful" is to be honored.

The term "Past Master" usually indicates the Master who has passed the chair of the lodge. The former, while Master of his Lodge had important duties which included: attending regularly, the communications of his Lodge and preserving peace and harmony in the lodge and out of it — in the community — to set an example to his brethren.

For work well done, the Past Master oftentimes is presented with a Past Master's Jewel. The "square" — symbolizing honesty in one's work — is associated with Euclid's 47th Proposition and is the motif for the Past Master's Jewel.

An assembly of Past Masters who are conscious of their station, make up the cream of Freemasonry. They still carry the torch of the Craft that others may have more light in their path.

The Past Masters' group to which I belong, dreams of spirituality — the distilled essence of Freemasonry — which may have been blurred by time. This, perhaps, provides an excuse for sharing views on the subject, "The Past Master in the Lodge and in the Community." This subject assumes that the Past Master attends regularly the communications of his Lodge and that he is or remains involved in community life in spite of his age and its natural concomitants.

Keeping the above assumption in mind, it has been my observation that Past Masters adopt a peculiar attitude of playing the role of silence if not anonymity in the Lodge. Whether this posture is a manifest expression of aloofness or of silent prejudice is difficult to ascertain. Whatever may be its cause or motivation, said conduct is not found in Masonic literature, much less in the Statutes. There is a possibility, however, that Past Masters have learned to be quiet because

they might have been silently censured for their garrulity or pretensions to Masonic wisdom. In the face of this situation, which I hope is not general, we are prompted to ask the question on how shall the Past Master behave in the Lodge? Better yet, What should be his role in the Lodge?

I shall attempt to develop an answer on the basis of my experience as Master of the Lodge and thereafter; and seeing and meeting others Brethren, Masters, and Past Masters — here and abroad. Primarily, for reasons of being a fraternal member, the Past Master should assist whenever opportunity arises, in the activities or affairs of the Lodge on the basis of his qualifications and experience. He should not hesitate to help like the good Samaritan; and when occasions arise, show to the sower of Light, Faith, Hope, and Charity how to sow the seeds on good ground; and finally, why light a candle and hide it in a bushel? Briefly, these are the allegorical answers to the questions which may have a strong appeal to the compassionate Past Master! And who is not? However, the use of allegories may sound too idealistic a manner of dealing with the issue at hand. But if we may go to specifics, let us consider some definite occasions or situations: I refer to the (1) conferral, (2) Masonic education, (3) conduct of the Lodge meeting, (4) Lodge administration and management.

In all these domains the Past Master has many opportunities to

play his role in the Lodge. The degree of his freedom in this function depends not so much upon his experience but upon his knowledge of the members of the Lodge and his acceptability to them. Herein, we find the basic essential of empathy — the closeness and confidence in inter-personal relations. While our concept of fellowship transcends the more prosaic term inter-personal empathy, it is the latter that has a more compelling drive for one to get commune with his brethren. Such posture or attitude as aloofness, lack of warmth or personal touch constitute the barrier that makes one say to himself, "It's not my business" when a situation in the Lodge demands attention or needs help. And so, in practice, our style in the Lodge is practically that of non-interference. Why? For fear that the Past Master's assistance may give offense or embarrassment. This attitude should not be allowed to exist. As brethren, even only under the concept of operative masons, all members must work as a team to build the temple. Or that each one has a stone to contribute to build the edifice. For as Brother Jose Rizal said, "What is the stone for if it is to lie wasted on the field?"

Applying these allegories to the situations mentioned above, the Past Masters should strive to help the (1) conferral team through suggestions and frequent reminders to attain perfection in the text, speech, and drama of the rituals; that (2) this should have a scheduled follow-

up through the Lodge of instruction or in reading clubs, if not a prescription of a course in Masonic education; that (3) the Lodge meeting should attain perfection in finesse not only in the text, but in the smoothness of business sequence, which should be reviewed before the meeting so as to avoid unnecessary snags or oversight, and to allow sufficient time for dissemination or review of Masonic wisdom so that (4) the administration or management of the Lodge observe prescribed criteria, performance or given a professional touch so as not to be subject to personal predisposition or whim of the Master.

Brethren, this is how I see the dimension of the role of the Past Masters in the Lodge. By virtue of the allegory that the Lodge is a Temple, the performance in it should be ritualistically correct and perfect. The Past Masters, unless they are feeling old, are usually reminiscent of the past but do not communicate their thoughts for the benefit of their successors. There are those who are nostalgic of their "golden" days, and so cannot but pass on to others the message of their valuable experience. It may be the lessons from misconceptions of Masonic behavior and the like, or discoveries of Masonic wisdom and inspiration. But this conduct is rare. This is the reason for our seeming lack of a binding masonic tradition; lack of enthusiasm, and the consequent disillusionment of our claim to Masonic wisdom. In this case, then, what

happen to our Masonic commitments? Each and every Past Master should pause and ponder before replying candidly to this soul-searching question.

Performance in the community is even more difficult to realize with certainty. The community is not the circumscribed Lodge but an open place with diverse pressures and challenges from a multiplicity of sources beyond the realm of the Past Masters. How will they operate — play a role, get involved, or participate in the ever changing current of societal life? The answers to these questions can only be generalized if not only be speculative.

It can be stated that the Past Master or any Master for that matter, has no special status or standing in the community. Honorable as his title may be, he is hardly known in the community as such. By tradition, the anonymity of his person as a Past Master further conceals his identity to the public. Furthermore, his environment that is the community, "is secular" which is not that of the Lodge or any of its attendant activities. Therefore, he is known or looked upon like any other member of the community without rank or specific role to perform.

In these circumstances, the Past Master's role is that of a citizen. Here it is proper to recall the Charge to the candidate at initiation into the Entered Apprentice or First Degree of Masonry, thus:

"... In the State you are to be a quiet and peaceable citizen,

true to your government and just to your country. You are not to countenance disloyalty or rebellion, but are patiently to submit to legal authority, and conform with cheerfulness to the government of the country in which you live."

Delegates to the 1971 Constitutional Convention – held in Manila and Quezon City – some of whom are Past Masters and one, a Past Grand Master of the Grand Lodge of Free and Accepted Masons of the Philippines had the Charge quoted above in mind when they helped sponsor, and finally voted for the approval of, Article V – Duties and Obligations of Citizens – as now contained in the 1973 Constitution of the Republic of the Philippines. This Article embodies four (4) sections – not found in the 1935 Constitution of the Philippines – as follows:

"Section 1. It shall be the duty of the citizen to be loyal to the Republic and to honor the Philippine flag, to defend the State and contribute to its development and welfare, to uphold the Constitution and obey the laws, and to cooperate with the duly constituted authorities in the attainment and preservation of a just and orderly society.

"Section 2. The rights of the individual impose upon him the correlative duty to exercise them responsibly and with due regard for the rights of others.

"Section 3. It shall be the duty

of every citizen to engage in gainful work to assure himself and his family a life worthy of human dignity.

"Section 4. It shall be the obligation of every citizen qualified to vote to register and cast his vote."

Herein lies the Past Master's role. Then the issue that confronts the Past Master is, How does his being a Freemason affect his role as a citizen? The answer is SERVICE! There are many lines of services even if the duties of the citizen in the New Society of which he is an integral part, are the only ones taken into consideration. To my mind, these duties can best be performed by Past Masters as officers of active members of existing charitable, civic, educational, fraternal, trade, religious, and other civic-oriented associations or organizations. His role through any of these associations or organizations is beyond that of any non-professional citizen. It is subject to certain criteria of performance. It is a role of leadership! In this group category, we Past Masters are challenged to contribute our share of duties and responsibilities to the social system. But more than any other, our performance is in terms of commitment, not so much as citizens but as Freemasons. Herein lies the "exclusiveness" of our role in the community. Lest someone ask for the basis of this commitment, we can do no better than to quote in full the very Preamble of "THE

CONSTITUTION OF THE MOST
WORSHIPFUL GRAND LODGE
OF FREE AND ACCEPTED MA-
SONS OF THE PHILIPPINES" (Ma-
sonic Law Book, Revised 1972).
We quote:

"PREAMBLE

"1. We, Master Masons of the Philippines, invoking the aid of the Great Architect of the Universe, in order to form a Grand Lodge of Free and Accepted Masons in the Philippines, set forth and exemplify the tenets and teachings of Freemasonry, promote love, foster brotherhood, and achieve harmony among Masons and men, enhance the welfare of our Order, and preserve liberty, equality and fraternity, do ordain and promulgate this Constitution."

Brethren: As we survey the field of internal and external services of Past Masters, we can envision what the more than 3,000 Past Masters in our Grand Jurisdiction can do to refine if not elevate to the professional level, the performance and services of the Masonic Lodges. Then acting as an organized body, contribute to the administration and management of the Grand Lodge itself. In some Grand Lodges operating in States or countries around the world, the Past Masters are an effective force for good.

In our own Grand Jurisdiction, I earnestly recommend the formal organization of a Past Masters' Association with objectives that will

redound to the best interest of the Fraternity, and establish formally the Philippine Masonic Tradition of commitment to the tenets and principles of the Craft in the Lodge and in the community.

Twenty-five (25) years ago as Past Master of my Mother Lodge – "High Twelve" Lodge No. 82, F. & A. M., Manila – I wrote the following poem:

"M A S O N

- "M – stands for the Mason
whose mission is to be
good and true.
- "A – is the Almighty
in whom he trusts and
to whom he prays
- "S – refers to the soul
- "O – reminds him of his Obligation and the important
duties he must perform.
- "N – represents his neighbor
with whom he should live
by practicing the Golden
Rule."

This poem is to remind me constantly of my obligation as a Mason and the important duties I must perform. It is hoped that fellow Past Masters and brethren in general have their own reminders as Masons.

PEACE AND HARMONY

KEY TO NATION BUILDING

BY: WB LORENZO N. TALATALA

Brief historical background

Masons are too familiar with the fact that at the building of King Solomon's Temple — which extended over a period of seven years — peace and harmony prevailed among the craftsmen. On one occasion, which condemnable as it might have been, proved eventually, to be of great moral value to our Institution, because of the lessons in Masonic fidelity it imparted to us — the succeeding Masonic generations.

Here in our country, no less, in order that nation-building may well succeed, it is imperative that peace and harmony should prevail among our people. This was clearly demonstrated during the last war, whereby, for want of peace and harmony at the time, the nation was consigned to destruction. Amidst the prevailing chaos and turmoil then, our cities, towns and barrios; our commercial and industrial establishments; our homes and valued possessions, were the hapless expendable targets of barbarous force. Productive activities came

to a standstill and forced to stagnate, which resulted to national bankruptcy and total economic collapse; more chaos and widespread destructions — physically and economically for the nation; morally and spiritually for the people that inhabit the nation.

The Situation

At the end of the war, many cities, especially the Greater Manila Area were in shambles and most of our towns and communities were burnt to ashes by the retreating enemy forces. Thousands of our people were in a state of shock, sick, impoverished, homeless, orphaned and in rags. Sooner than we expected, however, with peace and harmony temporarily restored, it took only a few years — even less than a decade to reconstruct the ravages of war and to rebuild the national edifice.

Contrary to our expectations, on the other hand, while we have accomplished to rebuild the physi-

cal structure of a badly devastated nation in so short a time, we failed to foresee, that it is far more difficult and requires more time and superhuman efforts to rebuild the degenerated moral, mental and spiritual assets of the inhabitants — the aftermath of the abnormal situation that obtained and the confusion that ensued, during and after the war.

After the lapse of about three decades, contrary to our expectations, the moral, mental and spiritual values of many of our countrymen have remained corrupt, repugnant to good order, eventually becoming rebellious — to such an extent as to place the stability of our Republic in imminent danger, prompting the President of the Philippines to proclaim Martial Law, Philippine style, in order to build a New Society, based on national discipline, peace and harmony, national unity, the preservation of our national identity and culture and equal opportunities for all people, regardless of their social standing, degree of instruction, creed and political inclinations. Such is the nature of the nation we are endeavoring to reestablish today.

Our tasks

Clearly before us, therefore, is the everpresent challenge to our Fraternity to be of service to the nation, by building its temples in the hearts of men, amidst a morally, mentally and spiritually debased society. Our Fraternity whose main

objective is to build the moral, mental and spiritual assets of its votaries, making them better men than when they first joined the Fraternity, is at its best, to assist in the task of reorienting the misguided ways and concepts of many of our countrymen, making them fit as living stones for the builder's use, in putting into shape, the New Society, now being built by its architect, the President of this Republic.

If we will only act and live as Masons — as all of us should so act and live, there can be no better qualified group of men capable of assisting in the intricate task of nation-building than we are, for right here in the Lodge, as well as in other Masonic Lodges around the world, everytime we meet, we become participants in the peace and harmony prevailing among the EAST, WEST and SOUTH stations, as well as among ALL the brethren. Such an experience, will guide us in motivating our actions towards our desired objective. Verily, the only thing left for us to do is to spread around and afar — propelled by a deep sense of sincerity — the tenets of our Institution, so that the community may profit from it, thus enhancing the gigantic task of nation-building towards the formation of a New Society.

Our course of action

In carrying out our modest, but wholehearted participation in nation-building, it is recommended that:

1. All subordinate Lodges should abide and be guided by Art III, Sec. 7, Par 385(a) of the Revised Constitution of the Grand Lodge, regarding its duty to the community, to wit: "To cooperate with and support the Law Enforcement Agencies", towards the attainment and maintenance of PEACE AND HARMONY in the said community.

2. All Master Masons, now connected with the Department of Education and Culture, should emphasize Art. V, Sec. 1, of the New Philippine Constitution, entitled: Duties and Obligations of Citizens, particularly that portion — ". . . to cooperate with the duly constituted authority in the attainment and preservation of a just and orderly society", while teaching the provisions of the New Constitution to their students, which, by Constitutional mandate, is now obligatory.

3. All Master Masons within the territorial jurisdiction of the Philippines — overseas brethren excepted, who at one time or another, may have the chance to speak in public, specially guest speakers, should include in their talks: PEACE AND HARMONY A KEY TO NATION-BUILDING. This is similar to the theme of the Supreme Council, A & A.S.R. on their project to make AMITY AND UNITY "underlie the Masons' activities in individual and societal life, or more specifically in their human endeavors".

4. All Master Masons who are now in the active service of the AFP, and concerned with the maintenance of peace and order, should

enlist the help of their brother Masons outside the armed services, in the implementation of Presidential Decrees and Letters of Instructions, in connection with the attainment and preservation of peace and harmony in their respective communities. They are, no doubt, the men whom they can fully trust under all situations.

5. The subject of: PEACE AND HARMONY A KEY TO NATION-BUILDING, should be included in the agenda during the Fellowship Nights and Dialogues, between the Knights of Columbus and Freemasons and to elaborate on the same subject whenever they happen to speak in other public occasions.

All these, however, will prove meaningless if the brethren concerned will not provide the interest, generate the initiative and demonstrate the willingness to sacrifice for the sake of nation-building and to bring home the honor to the Fraternity. We must concede, that in any great or important undertaking, it is easier said and planned than actually done. Much easier still, is to criticize and expose the mistakes of others. It is hoped, however, that the latter can not happen among us and be a deterrent to our goal, because Masonry is deeply rooted in peace and harmony and the "brethren dwell together in unity".

Visitors came all the way from Mindanao. Four members of Tomas Cabili Chapter attended the conclave. Members of the International Order of Job's Daughters, Bethel No. 3 in Dumaguete City were guests of the conclave.

Also present were Dad Augusto P. Santos, Sr., Executive Officer of the Jurisdiction, Dad A. Ykalina, II, Chapter Advisor of Serafin Aguilar Chapter, Dad Jesus Limkimso, Chapter Advisor of Lapu-lapu Chapter and members of the Advisory Council of the host Chapter.

Among the major achievements of the conclave is the creation of a trust fund whose mechanics and implementation is presently under study by a committee whose members were appointed by the Executive Officer of the Jurisdiction, Dad Augusto P. Santos, Sr. Another major achievement is the establishment of a monthly Jurisdictional publication and, of course, the election of Jurisdictional Officers.

The new Jurisdictional Officers are:

Jurisdictional Master Councilor— Bro. Angelo Alcala, LKC; Jurisdictional Senior Councilor— Bro. Benjamin Reloj, LLC; Jurisdictional Junior Councilor— Bro. Benigno Abrasia, SAC; Jurisdictional Scribe— Bro. Jed Malayang, LKC

371. How did the Grand Orient of France lose the fellowship of nearly all the Grand Lodges of the world?

The Grand Orient of France lost the fellowship of nearly all the Grand Lodges of the world when in 1877 it removed the Bible from its altar and erased from its ritual all references to the Deity, belief in Whom is the foundation of Freemasonry.

372. Would it not be a good idea if at every Masonic District or Regional convention the program included a Masonic forum which consist of a short talk by a competent brother on the history, meaning, and philosophy of Freemasonry followed by questions and answers?

It certainly would be a good idea if at every Masonic District or Regional convention the program included a Masonic forum which would include a short talk by some competent brother on the history, meaning, and philosophy of Freemasonry followed by questions and answers.

373. What are the Old Charges?

The **Old Charges** are old documents of Ancient Craft Masonry which contain certain rules as to conduct and duties which in the old days were read or recited to the newly admitted member of the Craft.

LODGE STAGNATION . . . From page 3

This refers only to Lodges in Manila and vicinity, which cover the same territory, do the same work, and compete with each other, doing all this at a greatly increased and unnecessary expense because of the large sums they expend for separate hall rents, secretary's salaries, tyler's fees, equipment, stationery, Past Master's jewels, etc. Lodges in the provinces, on the other hand, have their individual sphere of action and are a valuable factor in the life of the community, and this should inspire and encourage them to carry on as long as they can do so with credit to themselves and the Fraternity.

Let us have less Lodges in Greater Manila and we shall have less trouble and less expense and greater efficiency in Masonry.
