The Most Worshipful Grand Master

MW Reynold S. Fajardo

Working for a government agency which is acknowledged to be a staunch and reliable defender of human rights is admirable, more so when servicing the deprived and the underprivileged is its major task.

Wasn't it that dynamic "Guy" from Zambales – President Ramon Magsaysay who said that "those who have less in life should have more in law"?

With almost 30 years of service in this line of professional discipline, Reynold S. Fajardo, Chief Citizens Attorney of the Citizens Legal

The Grand Master with The Cabletow *editor.*

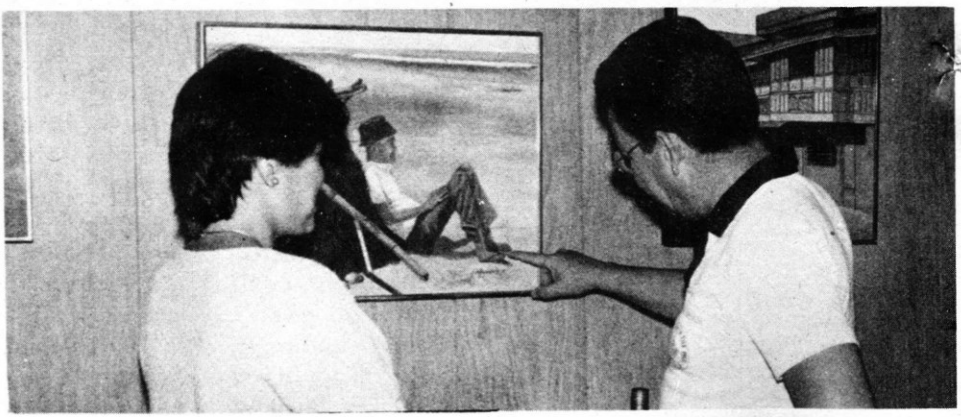

RSF with wife Siony.

Assistance Office (CLAO) in the Ministry of Justice, truly represents a man who has committed himself to public service. It has become his obsession to dedicate his life in protecting and giving justice to the innocent and the righteous. He is cool and calculating, but precise and uncompromising. At this point in time of the existence of this ancient and revered fraternity, we need a man of the stature of the Most Worshipful Reynold Smith Fajardo to exercise overall administration over the affairs of the Grand Lodge of the Philippines.

Prior to his appointment at the Ministry, Most Worshipful Reynold was with the staff of the Executive Judge in the Court of Agrarian Reform (CAR). He has to his credit fruitful years of active participation in various conferences and training programs, both here and abroad, to wit: The Career Executive Staff Development Program (CESDP) at the Development Academy of the Philippines; Conference on Legal Development in Jakarta; ASEAN Law Association Second General Assembly at Kuala Lumpur.

The Grand Master with daughter Naomi, an artist. He's pointing to oneot her works.

in 1982, upon recommendation of the Career Executive Service Performance Evaluation System, he was presented an award by Lingkod ng Bayan.

At the peak of his career, what with 12 regional districts that stretches from Aparri to Jolo, under his control, management and supervision, this irrepressible, but soft-spoken legal luminary, a graduate from the College of Law, University of the Philippines, has never been heard to brag about his achievements. He is a highly principled man who was never blinded by power and fame. He is one man who values humility and this can best be evidenced by his simple living. Ostentation is simply not a part of his life style.

Married to the former Asuncion Villegas of Sto. Tomas, Batangas, with whom he has four children (Janet, 27, Raymond, 25, Noami, 22 and Clarence, 18), Reynold is both a father and friend to his children.

As a family man, Reynold has instilled in the mind of his children the value of sincerity, humility and discipline, the moral values that brought him to the pinnacle of success both in his work and in the fraternity. And these virtues are truly manifested in the Fajardo home where an atmosphere of quiet majesty, friendliness and that deep feeling of belongingness, strongly abound.

When whiling away his time during weekends, Reynold takes time out to play with his grandchildren who enliven the household with their mischievous antics. Sometimes he helps his wife tend their orchid garden. Incidentally, orchid growing has become a hobby of the couple. In addition to her household chores and accompanying Reynod in his many visits to the province, Sis. Siony also engages in the plant rental business.

This is a thumbnail sketch of the Most Worshipful Grand Master of Masons under the Philippine Jurisdiction. His quiet ways emits a deafening sound in terms of probity, humility and honesty. Such is the profile of the esteemed and highly respected leader of the Craft. He will steer the wheel of the Fraternal ship for Masonic Year 1986-1987.

General Douglas MacArthur – The Mason

By Ill. William C. Councell, 30
Past Grand Master – Philippines

Virtually all Americans and most Filipinos above a certain age hold strong opinions about Douglas MacArthur. Most of them knew MacArthur the military genius, capable of masterpieces of strategy, the American Viceroy In Japan and who on his death-bed begged Lyndon Johnson to stay out of Vietnam. But only a very few of these same people knew MacArthur the Mason. . . . . .

I have just recently finished reading William Manchester's book, "American Caesar". Mr. Manchester says that MacArthur is *"A man endowed with great personal charm, a will of iron, and a soaring intellect"*. Unquestionably he was one of the most gifted man-at-arms this nation has ever produced. And then, Mr. Manchester presents his not so gifted side, *"Arrogant and shy, flamingo could not acknowledge errors, and tried to cover up his mistakes with sly childish tricks, and his character, though majestic, was tragicaly flawed, whose whole life was the Army, yet at the end of it asserted, "I am 100 percent a disbeliever in war"*.

On the other side of the coin outside of the Philippines and Japan, very few knew that Douglas MacArthur was a tireless working Mason. Again Mr. Manchester in his book does not present this side of MacArthur. In his book, "American Caesar" he devotes two small paragraphs to his Masonic career. . . And even these short references are not quite true from a Masonic viewpoint. . . *"like his Father before him he became a Mason, he was inducted into Manila Nile Temple on August 10, 1936". "This threw him more and more with the upper class Filipinos". "Like many of them, he became a director of the Manila Hotel, later, rumors of extensive MacArthur investments in the Capitol, Manila, were unfounded. It is quite true that his closest relationships were with Filipino men of property".* (American Caesar P. 166)

This paragraph is far from the truth. . . There is no Temple of the Mystic Shrine in the Philippines and never has been. It is true since 1917, three Shrine Temples from the west coast of the United States have held ceremonials in Manila and do so even today. Furthermore, Nile Temple is in Seattle, Washington and he joined after becoming a Master Mason in the Philippines on January 14. 1936 as follows . . .

MacArthur made a "Mason At Sight"

In the evening of January 14, 1936, exercising the perogatives of a Grand Master, Most Worshipful Samuel R. Hawthorne, at that time the Most Worshipful Grand Master of Masons in the Philippines, made Douglas MacArthur, then a Field Marshall and Commander of the Army in the Philippines, a *"Mason at Sight".*

The term "Master at Sight" was misnomer, for the entire ceremonies were several hours in length. All the obligations, considerable of the ritual of the First and Second degrees were put on . . . . . .

He was given the First Degree in short form, Most Worshipful Frederic H. Stevens, Past Grand Master, Presiding. Immediately on the conclusion of that Ceremony, Most Worshipful Brother Francisco A. Delgado, Past Grand Master conferred upon Brother MacArthur the Fellowcraft Degree, and then the Grand Master, Most Worshipful Samuel R. Hawthorne, conferred the Third Degree upon him. Practically all of the ritual being given with the exception of the Third Degree Lecture. Whereupon Brother MacArthur affiliated with Manila Lodge No. 1 F. A. A. M of the Grand Lodge of the Philippines.

Over six hundred Masons crowded the hall following the work which lasted well over two hours, in breathless silence. The Candidate was visibly moved for he had always desired to become a Mason like his father, who commanded the old Philippine Division and was Military Governor of the Islands in 1900-1901. The brilliant service of the father during the War in the Philippines (1900-1902) and of the son during World War II, reflect great credit on the name MacArthur, and it was that fact, the Fathers connection with the craft and the sons connection with an important mission in the Philippines to train the Filipino Armed Forces which, in the Grand Masters opinion, singled General MacArthur out for the honor conferred upon him.

Outstanding features of the ceremonies was the address of Most Worshipful Harry Eugene Stafford, who was the Senior Past Grand Master in the Grand Lodge, to the newly made Mason, telling him of his association with his Father, whose Surgeon Brother Stafford was in the "Days of he War" and the lining in front of the East some twenty grizzled but soldierly looking veterans, All Past Masters, Sojourners who served under General MacArthur during the Stsenious days of the Philippine Insurrection.

We might mention, as one of the coincidences which struck us in reading about the conferment, that the successor of General and Brother MacArthur, Governor William

Howard Taft, like the younger MacArthur was made a "Mason at Sight" by the Grand Master of Ohio in 1909. . . . .

"Scottish Rite Degrees"

Brother MacArthur petitioned for and was elected to receive the degrees of the Scottish Rite of Freemasonry with the Manila Bodies then under the Jurisdiction of the Mother Supreme Council. He took the degrees at the March Reunion in 1936. . . .

On March 13, 1936, Brother MacArthur was the exemplar of the 14° conferred by Illustrious Frederic H. Stevens, 33° Deputy of the Mother Supreme Council in the Philippines. On March 14, 1936, he took the degree of the Manu Chapter of Rose Croix. On March 28, 1936, he took the degrees of Confucius Council, Knights of Kadosh, in the afternoon, and in the evening received the Master of the Royal Secret in Gautama Consistory.

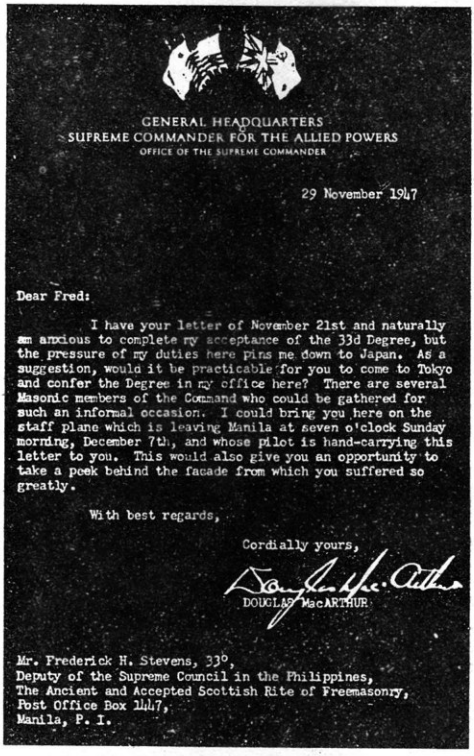

Brother MacArthur was elected Knight Commander of the Court of Honor on October 19, 1937. The four year provision waived by the Supreme Council. . . . . .

Elected Inspector General Honorary 33°

At the biennial session of the Mother Council in Washington, D.C. October 19, 1945, Brother Douglas MacArthur was elected Inspector General Honorary, but due to his activities in Japan as Supreme Commander of the Occupation Forces, he could not go to Washington to be coronated. Therefore, at the biennial session of the Mother Supreme Council in 1947, he was reelected and III. Brother Frederic H. Stevens 33° , was instructed to confer the Thirty Third Degree upon him in Japan. Brother Stevens being the Deputy of the Mother Council in the Philippines.

On December 8, 1947, at the American Embassy in Japan, the Thirty Third Degree was conferred on Brother MacArthur by III. Brother Stevens. III. Brother Stevens had the honor of conferring upon Brother MacArthur the first degree as well as the last degree. . . .

The Supreme Council of the Thirty-Third and last degree, Ancient and Accepted Scottish Rite of Freemasonry of the Republic

GENERAL HEADQUARTERS
SUPREME COMMANDER FOR THE ALLIED POWERS
OFFICE OF THE SUPREME COMMANDER

29 November 1947

Dear Fred:

I have your letter of November 21st and naturally am anxious to complete my acceptance of the 33d Degree, but the pressure of my duties here pins me down to Japan. As a suggestion, would it be practicable for you to come to Tokyo and confer the Degree in my office here? There are several Masonic members of the Command who could be gathered for such an informal occasion. I could bring you here on the staff plane which is leaving Manila at seven o'clock Sunday morning, December 7th, and whose pilot is hand-carrying this letter to you. This would also give you an opportunity to take a peek behind the facade from which you suffered so greatly.

With best regards,

Cordially yours,

DOUGLAS MacARTHUR

Mr. Frederick H. Stevens, 33°,
Deputy of the Supreme Council in the Philippines,
The Ancient and Accepted Scottish Rite of Freemasonry,
Post Office Box 1447,
Manila, P. I.

of the Philippines came into being on January 1, 1950. III. Brother Mac-Arthur was elected a member of the Council and was elected Grand Orator. The only other Masonic Organization that he belonged to was Nile Temple (Shrine) of Seattle, Washington. . . .

Japan under MacArthur

The first Masonic Lodge in Japan was instituted in Yokohama in 1866 by The Grand Lodge of England, and their Lodges in Kobe and Tokyo followed, but these Lodges were only opened to foreigners. Masonry was not interferred with, but no Japanese National was permitted to join by the government.

When III. Brother MacArthur became the Supreme Commander in 1947, he requested persmission from the Japanese authorities to allow Japanese Nationals to join Masonic Lodges, which such permission was freely granted. The Grand Lodge of the Philippines in 1947 instituted its first Lodge at the Yokosuka Naval Base and three other Lodges in Tokyo. One Lodge was composed of only Japanese Nationals and they used the traditional ritual, laboriously and lovingly translated into the Japanese language. A few years later, the Grand Master of the Philippines raised to the sublime Degree of a Master Mason, Ichiro Hatoyama, Prime Minister of Japan and Yahachi Kawi, President of the House of Counsellors of the Japanese Diet.

The Grand Lodge of Japan

The Grand Lodge of Japan was formed on June 1, 1957. It now has 21 Lodges and some 4,000 members. The New Tokyo Masonic Center is the idea of General MacArthur who suggested to Tokyo Lodge No. 2 that they buy a site where the Center is now located. The Lodge called upon the Scottish Rite Bodies to join them in financing the purchase. Located in the center and heart of Tokyo, the estimated value of the land today is in excess of Fifty Million Dollars. The income of the Complex in 1984 enabled the Temple Association to give more than one Million dollars to charities in Tokyo. . . . . .

The former Masonic Building in Tokyo, which I have visited many times when I was Grand Master in the Philippines, was formally the Tokyo Naval Officers Club where history had been mapped out. It was in the Library of this building, now preserved intact in the new Temple where the attack on Pearl Harbor had been planned on December 7, 1941 . . . . .

With the cessation of hostilities, Masonry in Japan was given great impetus by the United States Occu-

pation Forces under Brother MacArthur and the Grand Lodge of the Philippines. Our Brother was not a Mason in name only, but a very active Mason for over forty years. Just before his death on his last visit to the Philippines in 1962, he visited our Grand Lodge and our Supreme Council and spent an evening with us. . . . We were honored indeed to know that he was one of us.

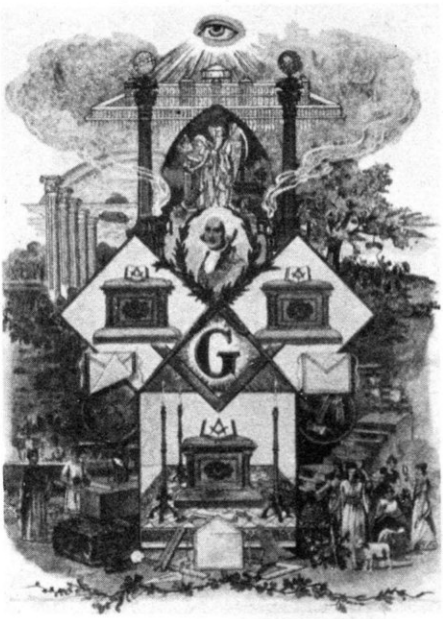

I am in no way finding fault with Mr. Manchester's great book "American Caesar", but this paper is only written to put the facts straight relative to Brother MacArthur's contribution to the craft. . . . Perhaps not appreciated by the average person but certainly by his Brother Masons. . .

If by chance you have the opportunity to visit Norfolk, Virginia, it would be to your advantage to visit the MacArthur Memorial in center city. You will see on display all of Brother MacArthur's Masonic Regalia, including his apron from Manila Lodge No. 1 given to him on January 14, 1936, fifty years ago this year of our Lord 1986. . . . .

All of the material in this paper was researched by the writer from the original records in our Grand Lodge and Supreme Council and from correspondence with my late beloved Brother, Illustrious Frederic H. Stevens, a giant among Masons, who passed away a few years ago at the age of One Hundred and One — — — A Mason to the end. . . . . .

So Mote It Be . . .

Brother Re-issues Rare Masonic Print

In 1901 the M.G. Lilley Company of Columbus, Ohio, distributed a print, "The Light of Masonry". Though the name of the artist who drew the print is unknown, he clearly understood Freemasonry. The symbols and history of the Craft are correctly presented in beautifully drawn detail and color.

The Lilley Company was formed in 1865 to publish Odd Fellows paper and later added Masonic publications. When readers requested sources for lodge paraphernalia, the company expanded in scope to include fraternal regalia. The business grew rapidly, and at one point employed more than 1,000 people. During the depression in the 1930's, the company merged with Henderson-Ames of Kalamazoo, Michigan, to become known as Lilley-Ames. Suffering under the economic hardships of the Great Depression, the once bustling company eventually faded from the scene, and the historic print was discontinued.

Brother Doyle, however, inherited a copy of the 1901 masterpiece from his grandfather, William E. Doyle of Noxubee County, Mississippi. Because this print is personalized with a Mason's Masonic Record, many Brethren expressed an interest in obtaining copies. Brother Doyle, who is President and General Manager of Cablescan Publications, Inc., of Louisville, Kentucky, decided to make the print available again to interested Brethren.

THE SEAL OF THE GRAND LODGE OF THE PHILIPPINES

VW Fernando V. Pascua, Jr.*

After the formation of the Grand Lodge of the Philippines on December 19, 1912, among the first official acts of the young Grand Lodge was the creation of a special committee to design and secure a seal for the newly-created and constituted Grand Lodge.

The Constitution of the newly-formed Grand Lodge that was adopted on the previous day, originally provided for a seal of the Grand Lodge in the following terms:

"It shall have a Seal--bearing such devices and inscriptions as by it may hereafter be determined--which shall be affixed to all instruments issued by or under its authority." (Part I, Art. I, Sec. 2, Constitution of the Grand Lodge. See Proc. 1912, p. 10).

During the morning session of the new Grand Lodge on December 23, 1912 Bro. Charles S. Banks, who had earlier been appointed and installed as Grand Pursuivant, presented a motion for the appointment of a special committee of three for the purpose of designing and securing a seal for the Grand Lodge. The motion was unanimously approved. (Proc. 1912, p. 75).

RW George R. Harvey, Deputy Grand Master, was then presiding over the sessions of the Grand Lodge because after the election and installation on December 19, 1912 of MW H. Eugene Stafford as the first Grand Master, he was compelled to retire to his home on account of illness.

Thus the special committee formed as a result of the Banks motion was appointed by the Deputy Grand Master on December 23, 1912 and composed of the following brothers (Proc. 1913, p. 9):

Bro. Charles S. Banks, Grand

Pursuivant;

Bro. George N. Hurd, Grand Bible Bearer; and

Bro. Louis C. O'Donnel, Junior Grand Deacon.

It was not until the first Annual Communication of the Grand Lodge held on February 4, 1913, however, that the special committee appointed to design and secure a seal for the Grand Lodge was able to report to the Grand Lodge.

The committee submitted a description in heraldric terms of the proposed seal of the Grand Lodge. A draftsman had also been commissioned by the committee to draw the seal as described in its report, and the heraldric description of the seal together with the actual drawing thereof depicting the colors provided for in the written description, were both presented to the Grand Lodge for approval in formal session. The proposed seal was unanimously approved for adoption by the Grand Lodge on that date, February 4, 1913. (Prov. 1913, p. 10).

Heraldry is defined as the art of blazoning armorial bearings. In the ancient days of kings, princess and princesses and when Knighthood was in flower, it was the practice of royal families, members of the nobility, and Knights to display their coat of arms on shields and armor. These coats of arms were distinctive marks worn only by their owners so that in time a specific coat of arms identified to the world at large the wearer as being a member of a particular family. It was the function of heraldry to design coats of arms and place them on shields and helmets used in actual combat.

A later development was the practice of reproducing the family escutcheon on metal and used for impressions on wax that were attached as seals to letters evi-

dencing the authenticity of the signature on, or origin of, the correspondence. The use of such seals was eventually adopted for the authentication of important documents issued in the name of the highest executive authority. Thus, the reigning monarch would impress the royal seal on some proclamation or order, to indicate the authenticity of the documents as having emanated from the highest authority.

It is in the sense of authenticating important documents issued by the Grand Lodge of the Philippines as the highest masonic authority in its jurisdiction that the seal of the Grand Lodge was designed. "The seal shall be affixed to all instruments issued by or under the authority of the Grand Lodge." (Last sentence Sec. 3, Art. I, Masonic Law Book, 1984 (Rev.) Edition).

This article endeavors to give a commentary on the description of the seal of our Grand Lodge as it was originally described in heraldric terms, in comparison with the current description of the seal as appearing in Section 3, Article I of the latest revision (1984) of our Masonic Law Book.

ORIGINAL DESCRIPTION OF SEAL IN HERALDRIC TERMS

THE MASONIC LAW BOOK HISTORY OF ITS PRINTING

First Printing – Post World War II Edition (1947). From the Report of the then Grand Secretary, MW Antonio Gonzalez during the 32nd Annual Communication of the Grand Lodge, held on January 27-29, 1948 it appears that since the adoption of the Grand Lodge Constitution in 1912 there had not been up to 1947, any compilation of Masonic Legislation and Law in our jurisdiction.

In August 1947, the first (post War) up-dated compilation was completed and printed, and was issued under the authority of the Grand Lodge under the title "The Masonic Law Book." (Proc. 1948, pp. 25-26).

The 1947 Edition of the Masonic Law Book contained an Introduction by the then Grand Secretary MW Antonio Gonzalez. We quote the following pertinent portion of said Introduction:

"In this book, the *Masonic Law* in the jurisdiction of the Grand Lodge of the Philippine-Islands is presented. Said Masonic Law consists of: –

(a) The Constitution as approved on December 11, 1912 (sic) and amended up to January 30, 1947;

(b) Edicts Nos. 1 to 31 (excluding those no longer in force);

(c) All *Regulations* which are still in force (excluding those that are not important);

(d) Resolutions that are not obsolete;

(e) All *Decisions* and *Opinions* approved by the Grand Lodge which clarify the meaning and scope of many of our rules and regulations."

The Introduction made mention, however, of a 1938 Edition of the Constitution as the last one seen by the Grand Secretary.

Third Post War (1962) Edition. The Masonic Law Book was revised up-dated and reprinted in December 1962 during the term of MW William H. Quasha who wrote the Foreword to this Golden Jubilee Edition of the Constitution. The foreword substantially reiterated the same composition of Masonic Law in this jurisdiction as stated in the Introduction to the 1947 and 1954 Editions.

It should be noted, however, that the Introduction to the 1947 Edition erroneously stated the approval of the Grand Lodge Constitution to have been made on *December 11, 1912.* This historical error was repeated in the foreword to the 1962 Edition. The correct date of the approval of the Constitution was *December 18, 1912.* (Proc. 1912, p. 9).

Constitutional Provision on

Grand Lodge Seal. In the 1947, 1954 and 1962 Editions of the Masonic Law Book, the wording of the original constitutional provision regarding the adoption of a Grand Lodge Seal, as quoted in the first portion of this paper, was preserved.

The 1972 Revised Edition. The next revised Edition of the Masonic Law Book was mainly the work of the Committee on Revision of the Constitution for Masonic Year 1967-1968.

In its Report to the 53rd Annual Communication held on April 22-24, 1969 the Committee reported that, among other things, *"A preamble has been added and the official Grand Lodge Seal has been described."* (Proc. 1969, p. 45). The Grand Lodge Annual Communication then, approved the recommendation of the Committee and when finally printed in 1972, the Masonic Law Book, 1972 Edition contained the same description of the seal as it now appears in the 1984 Edition which merely reproduced verbatim the description of the Seal from the 1980 Edition which in turn copied the same description from the 1972 Edition.

COMMENTARY

In the light of the Glossary of terms mentioned before, it becomes easy to understand the heraldric description of the Grand Lodge seal.

I. *"The Seal of the Grand Lodge shall be circular in outline and shall consist of an oval shield quartered:* x x x." The first portion of the description of the seal clearly states what the seal of the Grand Lodge consists of. It is an *oval shield* whose armorial bearings are divided into four (4) quarters or sections, i.e. *"quartered".* It will thus be noted that the principal part of the Grand Lodge seal is an *oval shield* divided into four sections, although as a whole, the sea shall have a circular outline.

On the other hand, Sec. 3 of Art. I of the 1984 (Revised) Edition of our Masonic Law Book (this entire citation henceforth to be referred to in this article simply as *"MLB"* for brevity) provides that the seal *"shall be circular in shape with an oval in the center."* Elsewhere in the same section of the MLB it is provided that the oval shall be divided into *"quadrants".*

There are at least two objections to the MLB provisions quoted before. The first is the inaccurate reference to a mere "oval in the center" of the seal, which it is submitted, is a departure from the original heraldric term used which is, *"an oval shield quartered"*, i.e. of four sections. The second objection is the rather unfortunate use of the term *"quadrant"* in referring to the divisions of the oval, considering that a quadrant is defined as the quarter of the circumference of a circle or sphere (not an oval).

"Quadrant" is therefore an inaccurate rendering of the idea sought to be conveyed. The original term used, *quarter* or *quartered,* as conveying the idea of a division of the oval shield into four parts, is better and more accurate than *quadrant.*

II. *"The first quarter (dexter chief) argent a base or charged with the Arms of the Philippine Islands supported dexter and sinister by palm trees proper, for the geographical location of our Grand Lodge:*

x x x." In ordinary terms, the first 1/4 section of the oval shield is that which is on the upper (i.e. *"chief")* right side (i.e. *"dexter")* of the shield, *from the wearer's point of view.* This section shall be silver (i.e. *"argent")* in colour with its base in gold or yellow (i.e. *"or").* In this section shall be placed the coat of arms of the Philippine Islands. On the right (dexter) and left (sinister) of the Coat of Arms are placed palm trees (i.e. supporters, as expressed by the heraldric term *"supported dexter and sinister")* rendered in natural color *("proper").*

The placement of the palm trees, actually coconut trees, on the left and right side of the coat of arms of the Philippine Islands was to symbolize the geographical location of the Grand Lodge, that it is situated in a country known for its coconut trees or palms, (as coconut trees are sometimes known) i.e., the Philippines.

It is to be noted that the descriptive location in heraldric terms of the first quarter of the oval shield as being on the upper right hand side of the oval shield (dexter chief) is from the point of view of someone wearing the shield. This is the import of the use of the heraldric term *"dexter".* But from the point of view of a spectator, that is, one looking at the shield, the first quarter is that which is on the viewer's left hand side. Therefore, when one looks at the seal of the Grand Lodge of the Philippines, that quarter of the oval shield just described above is the upper *left hand* quarter of the seal.

In the MLB, the first quarter of the oval shield is referred to as the *"upper left hand quadrant."* Apart from the objection discussed before on the use of the term *"quadrant",* the reference to the "upper left-hand quadrant" can be misleading as the question would arise as to whether the lefthand quadrant is from the viewpoint of the spectator or that of the bearer (i.e., of the shield), a question that can be settled only by actually viewing the seal. This question does not arise in the original heraldric description of the four divisions (or quarters) of the oval shield because of the precise use of heraldric terms.

Then, too, the first quarter of the shield originally depicted the coat of arms of the Philippine Islands, i.e., the Philippines as a Commonwealth of the United States.

The change in the MLB to that of the "Philippine National Shield" may be proper in one sense considering that the Philippines became a sovereign state on July 4, 1946. But should not the "Arms of the Republic of the Philippines" be more accurate than "Philippine National Shield"? And what is symbolized by the inclusion of the "Mindanao Bald Eagle", unless this bird is part of the coat of arms of the Philippines which it is not. And if this bird is at all to be used, should it not be more proper to call it the "Philippine Monkey-Eating Eagle" or plain "Philippine Eagle", since the Philippine eagle is not "bald"?

The suspicion arises that inasmuch as the Commonwealth coat of arms depicted the American Bald Eagle as its *crest,* some well-meaning individual desired to preserve the eagle as a crest in this quarter of

the seal, but erroneously changed the description of the crest in the seal to that of the inaccurate (both as to purpose and nomenclature) "Mindanao Bald Eagle" in place of the American Bald Eagle which was the crest in the coat of arms of the Philippine Commonwealth.

Inasmuch as the Philippines ceased to be a U.S. Commonwealth and became a sovereign republic in 1946, a change in the charge of the first quarter of the oval shield is indeed in order. Instead of maintaining the Arms of the Philippine Islands (as a Commonwealth) in the first quarter of the shield, the Arms of the Republic should now properly be shown.

Commonwealth Act No. 731 passed by the Second Congress of the Philippines on July 3, 1946 to take effect on July 4, 1946 (when the Philippines ceased to be a Commonwealth of the United States and became a Republic) provided for the Arms and Great Seal of the Republic of the Philippines in heraldric terms as follows:

> "Section 18. Arms and Great Seal of the Republic of the Philippines. — The Arms and Great Seal of the Republic of the Philippines are these:
>
> "Arms — Paleways of two pieces, azure and gules; a chief argent studded with three golden stars equidistant from each other; in point of honor, avoid argent over all the sun rayonnant with eight minor and lesser rays; in sinister base gules, the Lion Rampant of Spain; in dexter base azure, the American eagle displayed proper. Beneath, a scroll with the words "Republic of the Philippines" inscribed thereon.
>
> "The Great Seal shall be circular in forms with the arms as described in the last preceding paragraph, but without the scroll and the inscription thereon, and surrounding the whole a double marginal circle within which shall appear the words "Republic of the Philippines". For the purpose of placing the Great Seal, the colors of the Arms shall not be deemed essential."

The Arms of the Republic as depicted on the reverse side of certain Philippine one-peso coins, specifically the 1974 and 1982 series, conform substantially to the heraldric description provided for in Commonwealth Act No. 731 quoted befare. It is a 5-pointed start at its dexter, middle and sinister chiefs. Its honor point is an annulet (in heraldry, a small ring) charged with a sun of eight three-pronged rays (i.e. "minor & lesser rays"). Its dexter base is charged with the American Eagle on a background of horizontal lines while its sinister base is a lion rampant (i.e. the Spanish Lion) on a background of vertical lines. Below the shield is a scroll with the words "REPUBLIKA NG PILIPINAS" (1974 peso coin) or the motto "ISANG BANSA, ISANG DIWA" (1982 peso coin). It would be preferable to use the name of the country in the scroll, rather than the motto.

III. *"The second quarter (sinister chief) with the arms of the Grand Lodge of England,* x x x." In ordinary terms, the second quarter of the oval shield is that which is the upper lefthand quarter (sinister chief) from the wearer's point of view (or, the upper righthand

section from a spectator's view point). This section has the coat of arms of the Grand Lodge of England, to symbolize and indicate that the Grand Lodge of the Philippines also traces her descent from the Mother of all American Grand Lodges, one of which is the Grand Lodge of California, the direct ancestor of the Grand Lodge of the Philippines. Thus, the regularity of our Grand Lodge is depicted in our seal.

In the MLB, however, this quarter of the oval shield is described as having four sections: The Spanish Lion, a Tamaraw, a man wearing a knee-length robe with both arms raised, and the American Eagle.

A comparison of the figures, appearing in the second quarter of the seal actually depicted in Grand Lodge Proceedings held in the Commonwealth era, and those on the second quarter of the seal as currently depicted (e.g., on the cover of the 1984 edition, MLB) shows no difference at all in the figures, thus raising some doubt on the accuracy of the MLB description.

There appears to be no rhyme or reason behind the MLB wording of the description of the second quarter of the seal. In the first place, how certain is that it is really the Spanish Lion and not the English Lion that is or ought to be, depicted? Is the second figure a Tamaraw? And is the third indeed an American Eagle.

From the original heraldric description of the second quarter of the seal as (being charge) with the Arms of the Grand Lodge of England, it is implied that the four figures depicted in the second quarter comprise precisely the coat of arms (or seal) of the Grand Lodge of England. Note that the significance of the second quarter is to show that our Grand Lodge also traces her descent from the Grand Lodge of England.

If we were to accept the MLB description of the second quarter, what would the four figures stated in the MLB then signify? Certainly, not the symbol of regularity, as how would the Tamaraw fit in? If it symbolizes the Philippines, it would merely be a duplication of the symbol of the two coconut palms, not to mention the "Mindanao Bald Eagle", depicted in the first quarter of the seal according to the MLB.

IV. *"The third quarter (dexter base) with the Arms of the Freemasons at York* x x x." This description of the lower right quarter of the oval shield, viewed from the wearer's point of view, or the lower left quarter from the spectator's viewpoint, has the coat of arms of the Freemasons of York. This is to symbolize that the Rite practised by our Grand Lodge is the same as the Rite practised by the Freemasons at York, that is, the York Rite, which the rite currently practised in our symbolic lodge is sometimes called. This rite is not to be confused with what is known as the York Rite Bodies composed of Capitular Masonry of four degrees of which the Degree of the Royal Arch is the highest degree, Cryptic Masonry of three degrees, and the Chivalric of Christian Order of Knighthood of three orders.

The MLB description of the third quarter of the oval shield as having "the compasses super-imposed

upon a silhouette of a square" is not only an inaccurate description of the figures depicted but it also omits all reference to the figures being in fact the coat of arms of the Freemasons at York, a most significant symbol, by which we perpetuate the York Legend that both the operative masons of old and the speculative masons accept.

V. For a clearer understanding of the description of the second and third quarters of the Grand Lodge seal, the main features of the Arms of the United Grand Lodge of England have to be considered.

The Arms of the United Grand Lodge of England is a shield, with supporters, dexter and sinister, consisting of cherubim, that is, one cherub on the left and right sides of the shield. The "quarterings" on the shield are: Dexter (i.e. the left side of the shield from a spectator's viewpoint) three castles and a chevron: Sinister, (i.e., the right side of the shield from a spectator's viewpoint), the four quarterings of a lion, an ox, a man, and an eagle.

The quarterings on the Arms of the United Grand Lodge of England were derived from a combination of the Arms of the Premier Grand Lodge (referred to as the "Moderns") and that of the Grand Lodge of the "Antients" the rival Grand Lodge. After the union in 1813 of the two English Grand Lodges, the Arms of the two Grand Lodges were combined.

The castles, chevron and compasses on the dexter side represent that which survived of the Arms of the Premier Grand Lodge and were taken with some amount of adaptation from the original Arms that were granted to the London Company of Freemasons in 1972. The Castle is a common device found in heraldry and it is said that the three castles signify the Holy Trinity. There is much doubt about this, however, as *four* castles were noted on an engraving of the London Company's Arms in 1677. Originally in the London Company's Arms, the castles were much more obvious castles complete with iron gates, but in the course of time, they became the simple towers now seen on the shield. Furthermore, in the Company's Arms, the chevron which is now quite plain, was originally "engrailed", that is, it had indented or serrated edges.

The three castles, chevron and open compasses found on the dexter side of the Arms of the United Grand Lodge of England were adopted as charges on the third quarter (dexter base) of the (Philippine) Grand Lodge seal. In the MLB, the reference to the chevron as the "silhoutte of a square" (upon which the compasses were superimposed) was therefore obviously erroneous and what was thought to be a "square" was actually only a "chevron", another common heraldric device rendered as a bent bar of an inverted V shape.

It was the "Antients" who had adopted the device of the *lion* to represent strength, the *ox* to represent patience and assiduity, the *man* to represent intelligence and understanding, and *eagle* to represent promptness and celerity. These are four emblems which reveal to us that to the "Antients", the Royal Arch degree was an integral part of the Order.

It is worthy to note that among the officers of a Chapter of Royal

Arch Masons are four guardians of four veils representing the four principal tribes of Israel-Judah, Ephraim, Reuben and Dan -- upon whose banners were delineated, respectively, a *Lion* denoting strength, and *Ox* denoting patience, a *Man* denoting intelligence, and an *Eagle* denoting swiftness.

It is these four figures depicted on the sinister side of the Arms of the United Grand Lodge of England that were also adopted as charges on the second quarter (sinister chief) of the Grand Lodge seal. Considering, therefore, what these four figures really are and the attributes that they represent or signify, the MLB description is again in error. The Spanish Lion of the MLB is or should be the Lion of Judah. The MLB Tamaraw is in no way equivalent to the Ox of Ephraim, and the American Eagle of the MLB should actually be the Eagle of Dan.

VI. *"The Fourth quarter (sinister base) with two of the Great Lights in Masonry* x x x." In more familiar terms, the fourth quarter of the oval shield of the Grand Lodge seal is that which is on the lower left-hand quarter from the bearer's point of view (or the lower right-hand quarter from thee spectator's viewpoint). This section has upon it two of the Great Lights in Masonry, namely, the Square and Compasses. These symbolize the universality of Freemasonry considering that these two Great Lights depicted on the fourth quarter of our seal are the principal symbols of the Craft found in every country.

While the MLB does accurately describe what appears in the fourth quarter of the shield, it has omitted the symbolism described in the original description.

VII. The next portion described in the seal is the *cordon,* an ornamental cord or braid placed as a badge of honor, and its location as a part of the seal. In ordinary terms, the cordon in the seal is designated and originally described as a *cabletow* of gold or yellow *("or")* with a double knot located above each of the right and left upper quarters of the oval shield (i.e. "above the dexter and sinister chief"), hanging (pendant), and terminating with tassels of gold or yellow *("or").*

The MLB, on the other hand, states that "behind and between the seraphim and around the oval shall appear a cord x x x". The use of the word "cord" in place of the original term used, *cabletow,* is inaccurate because of cord is a *thin* rope or a thick *string,* while a cable has the meaning of a thick rope at least ten inches in circumference, not to mention the significance that the cabletow has to Masons.

VIII. The next portion described are the *"supporters".* In heraldry, the supporters are a pair of figures represented as either holding up, or standing one on each side of a shield. In the case of our seal, the supporters are the figures standing and located on the left and right of the oval shield and were originally described as *veiled cherubim (standing) on banks of cumulus clouds,* rendered in natural coloring (proper).

The word "cherubim" is the plural of the word "cherub" which is the second order of angels and next below only the seraphim (sin-

gular, "seraph") which is the highest of nine orders of angels. The choice of the cherubim as the *supporters* in our seal was due to the fact that the cherubim are said to have been gifted especially with knowledge. That the cherubim are standing on banks of cumulus clouds is no mistaking their divine origin. But note that the cherubim are "veiled". In heraldry, a veil is a piece of linen or other material which covers the head and shoulders and is understood to be the same as a hood, not a hoodwink which is a device that merely covers the eyes, i.e., a blindfold. The two cherubim on the seal, therefore, while facing the front, i.e. towards the spectator, are veiled and as thus rendered, they represent Faith and Silence guarding the secrets of Freemasonry.

The MLB description of the *supporters* in our seal is inaccurate on two counts. They are said to be *seraphim* (which they are not) and are hoodwinked (which also they are not).

The original description of the seal states the *supporters* to be *cherubim* and not *seraphim.* The *seraphim,* while being the highest of the nine orders of angels (viz. Seraphim, Cherubim, Thrones, Dominions, Virtues, Powers, Principalities, Archangels, and Angels) have *three pairs of wings* seen in Isaiah's vision as hovering over the throne of God. The figures in our seal have only *two wings,* (one up and the other down, according to the MLB) and for this reason they cannot be seraphim, but cherubim.

The two figures, i.e., the cherubim are *veiled,* according to their original description. As depicted on our seal, they are indeed covered with a hood, which is precisely what is meant by "veiled" in heraldry. The use in the MLB of the term *"hoodwinked"* is therefore inaccurate, as a *hoodwink* covers merely the eyes, and very rarely covers the entire head. Then again the MLB omits the significance of the *supporters* as mentioned in the original description of the seal.

IX The next item described is the *crest* which, in heraldry, is a device placed *above* the shield, and sometimes the helmet, in a coat of arms. The crest in the Grand Lodge seal was chosen to be the Ark of the Covenant rendered in natural coloring ("proper"), placed upon a wreath of silver and blue coloring *(argent* and *azure).* On its top is a Delta of gold or yellow (or), within which is engraved the Hebrew letter Yod in black (sable) color. Above the Ark of the Covenant as part of the crest is the All-Seeing Eye, also rendered in natural coloring (proper) with radiant rays in gold or yellow *(or).*

There is no doubt regarding the symbolism of the crest in our Grand Lodge seal: the Ark of the Covenant, the Greek letter Delta, the Hebrew letter Yod, and the All-Seeing Eye are all Masonic representations of the Supreme Being in Whom all Masons believe and without Whom Masonry *would not be* Masonry.

The description of the crest in our seal by the MLB is lacking in detail. It omits to mention the Greek letter Delta situated above the Ark of the Covenant. The Hebrew letter Yod located within the Delta is also omitted. In fact, the MLB entirely omits the

color scheme of the seal provided for in its original heraldric description.

X. Included in our seal is the masonic motto *"IN THE LORD IS ALL OUR TRUST"* which is placed on a red ribbon ("gules", meaning red, in heraldry) and is located below the oval shield.

Above the red ribbon on which the masonic motto is written, the words "XIX Decembris Anno Lucis 5912" are also placed. The phrase "XIX Decembris" is the Latin or Roman equivalent of "19 December" which refers to the date and month that our Grand Lodge was constituted, and the Latin or Roman phrase, "Anno Lucis 5912" refers to the year, i.e., 5912 in the "Year of Light", or 1912 of the calendar year, when our Grand Lodge was constituted.

XI. Finally, the whole device, i.e. the oval shield, the cordon, the supporters, the crest, and the ribbon, is surrounded (i.e. in circular form) by the words "Grand Lodge of Free and Accepted Masons, Philippine Islands" and outside, which forms the border of the seal, is an endless cabletow, i.e., a cabletow in circular form which has no beginning and no end and, therefore, an endless cabletow.

Considering that the Philippines is now a sovereign state, it is proper to drop the word "Islands" from the seal.

CONCLUSIONS

Comparing the original heraldric description of the seal of the Grand Lodge with the description of the seal as now appearing in Section 3 of Article I of the 1984 (Revised) Edition of our Masonic Law Book, much of the beauty and accuracy found in the classic and heraldric description of the seal of our Grand Lodge was lost when the current description of our seal was adopted.

This writer is of the view that a great injustice was unwittingly committed upon the three members of the committee that made painstaking research in designing and securing a seal for our Grand Lodge, by the approval, no matter how well-intentioned, of a poor substitute for the original heraldric description of our Grand Lodge Seal.

It is urged that the Grand Lodge should restore in the Masonic Law Book the original heraldric description of the seal (subject to minor amendments, e.g. the substitution of the Arms of the Republic for that of the Commonwealth and dropping the word "Islands") and thus preserve and perpetuate the honor of and labor done by, and do justice to the memory of, the original committee that designed the great seal of our Grand Lodge.

*VW Pascua is the Senior Grand Lecturer of the Grand Lodge of the Philippines.

My dear son,

Truly, the Master of a Lodge is supreme and in a manner of speaking, the Lodge himself. As Master of your Lodge you are addressed as Worshipful. An esteemed brother. Note the reply of the Senior Warden as to the duties of the Worshipful Master. "x x x to set the craft at work x x x" Do you still remember the injuction of the Installing Officer during your installation?

> "x x x. For a pattern of imitation, consider the great luminary of Nature, which, rising in the East regularly diffuses light and lustre to all within its circle. In like manner it is your province to spread and communicate light and instructions to the brethren of your Lodge. Forcibly impress upon them the dignity and high importance of Masonry; and seriously admonish them never to disgrace it. Charge them to practice out of the Lodge those great moral duties which they have been taught in it, and by amiable, discreet, and virtuous conduct, to convince mankind of the goodness of this institution. x x x"

Together with the above injuction, you should heed the 15 Charges given to you as Worshipful Master. Keep them in you mind and in your heart. Practice them Live them. Be in the frontline and lead your brethren. Catalyze them into action.

As Master of your Lodge, you should take the initiative. You speak to and for your Lodge You lead the discussion during your meetings instead of gliding, coasting along, and keeping pace with it. More often, you ask questions rather than answer them. As Master, you should contribute to the effectiveness of your Lodge and to the welfare of your brethren. See to it that the Edicts and Circulars of the Grand Lodge are observed and that the Lodge officers comply with and perform their duties faithfully.

The seven years you spent traveling from the position of Junior Steward to the station of the Worshipful Master in the East could have afforded you ample time to be word-perfect and precise in your movements in the floorworks, had you tried to be. There is no excuse for your failures here. Seven years is too long for this purpose. But I would rather see you as a Masonic welfarist than as a perfect ritualist. For Masonry is not in the ritual or pomp; it is not external but internal – in the heart. You should be more brother-oriented than ritual-oriented.

Keep up with your Masonic education. Continue broadening your Masonic horizons. As Master, you should be more informed and more knowledgeable. But knowledge stored and unapplied contributes to Masonic atrophy. Charity undone is selfishness, justice verbalized but not actualized becomes merely an adornment of the tongue, and concern and sympathy for our brethren which remain dormant stay as mental ornaments.

No Master is without a goal during his sojourn in the East. It may be a condition, a circumstance, an object, or an activity which he envisions would bring happiness or a particular satisfaction to his brethren. The Master may not bring his Lodge to the forefront of prominence or popularity, but at least his goal should keep his Lodge and his brethren on the march. His goal should give life — add vigor and color to his Lodge.

I listened to your projections during your installation. How are they getting along? Have you started them? Good, if you had started and accomplished some of them. Let not the projections/programs you articulated in your inaugural speech, which was laden with so much emotion that it brought tears in your Mother's eyes, be relegated to the "archives of unaccomplished achievements, Move, Sonny, and keep moving towards your charted direction. But always remember, my son, your first duty as Master is to your brethren in the craft.

Sonny, if you would allow me — do not read the Monitor during the opening and closing of your Lodge — even during degree works. If you still do, I wonder how your Lodge Inspector, who is supposed to be always by your side, for guidance and inspiration, feels and thinks. If, inspite of your more than five years in the craft, you cannot open and close your Lodge without reading and/or referring to your Monitor, Sonny, you have no business sitting in the East. I mean this, son. Avoid being an embarrassment to your Lodge, to the brethren, and to yourself. Study your lines well. WEAR THE MASTER'S HAT PROPERLY AND HANDLE THE GAVEL WITH PRUDENCE.

As Master, preside over your Lodge meetings with dignity. Speak with the dignitaries without any sense of subservience and with the most humble and timid brother without flambouyance but to enhance the brother's dignity and self-respect. Confer degrees with all the solemnity that you can muster. Prepare for such important endeavor. Be serious and excel in this distinct undertaking. Do not be a comedian, and do not allow comedians to participate in degree works. Comedians are for the circus and stages but not for Masonic Lodges.

As Master, you should be careful with your words and actions so as not to hurt and offend the sensitivities of your brethren. Always exude Masonic maturity and refinement. More so, as Worshipful Master. You should be the exmplar of what a Mason is and should be. On problems and controversial issues brought to your Lodge, always square them up and level with your brethren. Clothe your judgments with what they call in legal parlance — judicial temperament. This simply means, approaching problems with a clear and unprejudiced mind. Be patient to hear both sides of the arguments and withhold your judgment until all the necessary facts have been submitted. Then, render

and enforce justice without regard to whatever personalities are involved, including your own. Your passions and prejudices should not become the master of your judgment.

You are now the Worshipful Master and, as such, your brethren look up to you for leadership. Don't disappoint them. And let the tenets and teachings of Masonry serve not only as the Anchor but also the Rudder of your life. Fail not the craft, my son.

You'll hear from me again on these matters of mutual interests. For the moment, Worshipful Sir, allow me to close with a Father's expectation – BE A MASON IN THOUGHTS, IN WORDS, AND IN DEEDS.

With Love,

Dad

P.S.

Sonny, I hope you are not offended by this letter. You see, it is not only my sworn duty but an inescapable obligation as well, to whisper wise counsel to a brother Mason, especially so if he is my own son. Regards to your wife and four sons.

Dad
