THE CABLETOW is a quarterly publication of the Grand Lodge of Free and Accepted Masons of the Philippines, Main Office: Plaridel Masonic Temple, San Marcelino St., Ermita, Manila, D2801, Philippines. Tel No. 5222328.

Members of Blue Lodges in this grand jurisdiction are regular subscribers thereto. Brethren in other grand jurisdictions are invited to subscribe to it at US $20 a year. A subscriber should send check payable to the Grand Lodge of Free and Accepted Masons of the Philippines, with complete mailing address, to THE CABLETOW at the address given above. Subscribers are advised to notify THE CABLETOW of address changes.

Original articles are subjected to editing and, when published, become Cabletow property. Any article in THE CABLETOW may be reprinted in full, or excerpts thereof reproduced , provided proper attribution to the author is made, the source is given due credit, and the Cabletow office is furnished with a courtesy copy of the reprinted material.

EDITORIAL

Last April 2004, we witnessed another milestone in our Masonic history, as the new set of officers of the Grand Lodge of the Free and Accepted Masons of the Philippines took their oath of office in Cagayan de Oro City. Most Worshipful Roberto Q. Pagotan, a son of Pagkakaisa Lodge No. 282 was installed Grand Master, RW Hermogenes E. Ebdane as Deputy Grand Master, RW Romeo A. Yu as Senior Grand Warden, and RW Jaime Y. Gonzales as Junior Grand Warden for the ensuring Masonic year.

This year's theme: Freemasonry: A Bridge Among Men, is very relevant and timely as we need unity not only in the Grand Lodge but in the whole country as well. It is important that we now think of the future and set aside politics, let FREEMASONRY be an instrument in our nation's quest for a united and progressive citizenry. If our brethren were able to do it before, then we have no reason why can't we do it today. Let us give our share, let us start it in our own backyard, let us forget factionalism and unite ourselves first before we expect become to a bridge for unity.

This issue will feature the inaugural speech, biography and plans for the ensuing Masonic year of our new Grand Master, MW Roberto Q. Pagotan. Also featured are the list of elected and appointed officers of the Grand Lodge for the ensuing Masonic year and the directory of Lodges in the entire jurisdiction together with the contact numbers and addresses of respective Lodge principal officers.

Our main objective is to ensure that all brethren will have their copies for every issue of the CABLETOW. This year we envision to deliver it right in your front door. This will entail an enovious cost but this has to be done. There were many brethren who in the past have not received their copies regularly. Along this endeavor we need to update our records, we therefore request all brethren to submit to the Grand Lodge their updated membership records so that we could promptly send every issue of the Cabletow to the right addresses.

The Cabletow has also a new set of officers for the ensuing Masonic year and in behalf of them, I would like to recognize the labors of our predecessors - To VW Mawi Lazaro and company, my congratulations for a job well done.

MW ROBERTO Q. PAGOTAN
OUR 87TH GRAND MASTER

by VW Art G. Villasan, PDGL

The first time Kuya Bert Pagotan said that he intended to be the Grand Master of Masons in the Philippines, everybody in the group thought he was kidding and there were hearty laughs all around. The laughter was understandable considering that the date was sometime in April 1995 and he had just been appointed District Grand Lecturer in his Masonic District, plus the fact that not few bottles of beer had been had by all. When the laughter died down, Kuya Bert added, "in 2030", one or two people laughed again but those who knew Kuya Bert knew that it was not an idle notion.

Most Worshipful Roberto Q. Pagotan is today what he said he would be ten years ago. It is not difficult to recall a few names of brethren who have been aspiring for this exalted position for longer periods than the span of time that Most Worshipful Pagotan had been a Freemason.

To many brethren, Kuya Bert Pagotan is some sort of an enigma. For, indeed, how could someone suddenly come out of nowhere and like a flash shoot up to the most exalted position in Philippine Freemasonry in record time? To be sure, Kuya Bert Pagotan is no ordinary man who neither had an ordinary background.

Born into prominent family from Cavite in a Pasay City Hospital, Kuya Bert spent his early childhood in a place called Looban, now part of Barangay Aniban, Bacoor, Cavite. In his neighborhood, influenced by a cousin his favorite sport was boxing. He became so proficient in the sport so that at the age of six he actually knocked out a sparring partner. Later on, his family kept moving from one place to another and consequently Kuya Bert, fondly called "Baby" then by his parent had to transfer from one school to another sometimes even in the middle of school terms.

Although he usually topped his classes academically, he was only given the first honors of his classes only until his third grade. Later on, due to some sort of residential requirements the honor was denied him. Year after year the young Pagotan saw the honors being reaped by somebody else, just because the same someone had been in the place longer. It came to a point when he just did not give any particular care whether he was recognized for his academic excellence or not. However as he was finally graduating from the elementary grades something happened. For some reason or another the school authorities overlooked the so called residential factors and granted him the top honors of his class. He likes to narrate that when he attended the commencement exercises he was all alone and nobody in his household attended the graduation. His teacher has to pin the medal upon his chest an honor normally reserved for parents. An uncle

later rebuked him for not letting them know that he was the class valedictorian. The young Pagotan just did not think it was such a big deal.

Thus Kuya Bert went on to high school with minimal motivation to excel. As he entered his teens, ever gregarious by nature he gravitated to the usual barkada. The barkada, Philippine style was almost always the surest way to take one's mind from school works and Kuya Bert was no exception. His neglect soon manifested itself in poor grades which were promptly noticed by an uncle. Being aware of his young nephew's above normal intelligence he immediately became wary and became convinced that Kuya Bert needed to be distanced from his barkada.

The Pagotan family was not without connections. The uncle waggled from the eminent Zamoras a summer job for his grandson at the Manila Hotel Before his stint was up as apprentice, hotel rank and file employees called a strike. The young Pagotan was inside the hotel when the strike started and as the strike dragged on his services were continuously extended. When the strike was settled the management was so impressed with the Pagotan's work habits so that he was incorporated into its work staff as a regular. Thus at the tender age of 15 barely out of third year high school, the future Grand Master became a full time worker. At the plush Manila Hotel, Kuya Bert Pagotan came into a new world of sophistication and he adapted to the environment as fish to water. Soon the handsome young man was a first name basis with regular VIP guests. His natural people skills now familiar to most brethren evolved into new heights. He learned to relate with people from all walks of life from lowly waiters to foreign dignitaries. He developed his people skills that he later applied to his subsequent employment and business ventures.

Naturally endowed with a curious analytical mind he was soon familiar with all aspect of hotel operations. He even managed to set up a modest but relatively profitable business for himself as a sideline. He likes to describe it today as his first business venture when he was 15. He calls it now buy and sell. He would purchase PX goods in Cavite where he then resided and near which was a United States Naval Base. He would then sell this so-called blue seal cigarettes and other imported goods to hotel guests.

Once when he was operating an elevator, a foreign guests who was a church minister and his wife curiously inquired about his personal circumstances, probably seeing how young he was. Learning that Kuya Bert was no longer pursuing his high school studies, the minister convinced him that something should be done about it. The minister then suggested that there was a way of finishing his high school without interrupting his work at the hotel and gave him a brochure for what we now call distance learning or correspondence course. Recognizing the opportunity, Kuya Bert submitted his application by mail. After an extended period of time, the American International School replied. He received a letter of

admission. That was the good news. The bad news was that he needed to remit the amount of $123.00. during that period that amount could be enough for down payment on a family good pre-owned car.

Resigning himself to improbability of raising the amount needed to finish his studies, he thought no more of it. that was until the church minister's next elevator ride with Kuya Bert at the controls. Upon learning of Kuya Bert's predicament, the church minister offered to pay for the needed amount provided that Kuya Bert should finish his course. This innate goodness shown by the church minister was not lost on Kuya Bert Pagotan.

He recognized early in his life that the world is full of men with genuine concern for his fellow human beings and there and then as he accepted another man's sincere charity, he resolved that if ever he attains a position in his life that he could afford to extend charity to others, he would never hesitate to do so. Thus unknowingly the earliest seeds of a Masonic Tenet was implanted on a young man's character.

As a way of reciprocating to such kindness, Kuya Bert devoted his maximum effort in serious study. The proudest person was his benefactor when Kuya Bert Pagotan at the age of 17, got his high school diploma at the top of his batch as valedictorian. His good showing encouraged him to study further via the same route and soon finished a special course in Psychology at the same exclusive school.

In the meantime the hotel manager seeing Kuya Bert's excellent work attitude and potential offered him a promotion as a front desk manager, a position "to die for" in a five star hotel but to the manager's surprise Kuya Bert turned down the offer. His reason being that he made more money as bell captain and more important, he did not need to be dressed like a mannequin in a stuffed shirt.

Most people would have been content with Kuya Bert's position and future prospects as a regular employee in a five star hotel. In fact at that time the Manila Hotel was. The best Hotel in the Philippines. Aside from being personally known to the old man Zamora, he had become a close friend of the hotel president's children, one of the whom (Richard) he used to tutor in math. Kuya Bert, however, decided to look for the so-called greener pastures.

Having been married at a very young age he decided to leave the Manila Hotel and accepted a job from a brother-in-law to manage a budding but bustling business manufacturing ladies lingerie's. It was a total departure from his employment experience but his people skills honed to sophisticated levels even at a very young age made him equal to the task. His natural ability to relate with people became his main asset in managing the budding business. Ever the extrovert he soon felt to confined in a factory setting so that as soon as an opportunity to work in a large concern was offered he did not hesitate to accept.

His next job introduced him to a line

of work that was totally suited for a man of his aptitude. The never curious and keenly analytical mind of Kuya Bert Pagotan came to the fore so that in a short span of time after he started working for ALLIED AIR FREIGHT INC., he had familiarized himself thoroughly with all aspects of its operation. He also developed a network of friends engaged in other aspects of moving cargoes by air, land or sea.

Kuya Bert's business acumen was not lost among the other companies in the same line of work. Inevitably, a company he earlier helped pro bono through the tough time that immediately followed the declaration of Martial Law decided to propose to him an offer that was difficult to refuse. He was offered the position of Chief Operating Officers of the fledgling Bagwis Air Cargo. Assured that he would have complete free hand in managing the corporation he accepted but not after a serious effort by his current employer to retain him.

With Kuya Bert at the helm, using his accumulated contacts and acumen, the Bagwis Air Cargo was soon literally flying high on the road to prosperity. As with many Filipino Corporations harmony becomes elusive as they prosper. Bagwis was no exception. Its owners were soon in a state of divergence with Kuya Bert caught in the middle. Ever the gentlemen, he refused to take sides and decided to resign. It was only a matter of time after Kuya Bert left that Bagwis Air Cargo flopped.

The enterprising Kuya Bert hardly skipped a beat. He was soon in partnership with a relative manufacturing pressure tanks and doing well. However because of the formidable aptitude he had acquired in the cargo handling trade, offers of employment were unrelenting. One particular proposal was not so easy to turn down. One of the former owners of the defunct Bagwis Air Cargo not only sought his services but also offered a block of share as part of his compensation. It was again an offer difficult to refuse. And so Wings Freight Forwarders came into being with Kuya Bert Pagotan owning a third of it.

With Kuya Bert as vice president for operations the result was predictable-success. As the business got bigger discord came between his two co-owners, again, with him in the middle. He left the corporation and in disgust even forfeiting his share. Bagwis Air Cargo closed shop not long after he left it. After a thorough evaluation of his options and finally realizing that he did not even need anyone as a financial backer to engage in a business as familiar to him as the palm of his hand, he decided to form his own corporation.

CARGO MATE INCORPORATED a fully owned Roberto Pagotan company came into being. It was to be the flag ship that gave birth to five other corporations all fully owned by MW Roberto Q. Pagotan. One of them, Genetrix Incorporated is co-owned with two brother Masons from the places is based in Saipan, Marianas Islands. While actively pursuing his business ventures he did not neglect his personal development. He found time to secure a bachelor's degree from A. Rodriquez College and special studies in Management at the Ateneo de Manila

University. He even enrolled as a law student at the Philippine Law School. Typical of his character, while attending classes at the law school he saw how dilapidated their classroom was so that with his own funds he repaired the classroom and even had it air conditioned.

Having consolidated his business holdings under the solid day to day management of his wife Shirley, Kuya Bert Pagotan embarked on civic, military, social, humanitarian and other charitable endeavors. He was drafted into active duty as a major in the Philippine Air Force reserve force. Emerging at the top his training class in 1984-1986, he lost no time in becoming seriously immersed in the Philippine Air Force's intelligence works. As evidence of his exemplary service he was awarded 19 service plaques of merit and awards plus 12 commendation for various achievements while in active duty. Twice (1986&1988) receiving the coveted award of Officers of the Year of the Philippine Air Force Reserve Command.

Early in his military sojourn he was assigned to the command of General Vicente Eduardo, then Director of Prisons at Munting Lupa. Here at the National Bilibid Prisons he devoted his time to discover why hardened criminals just kept on coming back into incarceration.

There is a compound within the premises of the Prison where hardened criminals were quartered. In this particular area, even guards were not allowed to venture without the express permission of the Director himself and even then only after a very elaborate safety protocol because one could be easily exposed to danger or even be held hostage. The daring Major Pagotan, one day simply walked into the compound. Before the flabbergasted hardened criminals standing with mouths agape at the "tisoy" military officers could react, he brought out his peace offering: bottles of liquor. The Major drew the reaction he expected, the convicts immediately brought out their hoards of food for "pulutan". It was a typical display of Kuya Bert's human relations skill. He soon earned the trust of the hardened convicts. General Eduardo went into near apoplectic and seething rage when he found out what his young aide had done.

Soon, the future Grand Master became a frequent visitors in the compound. He discovered that the convicts from this place who were released almost always came back. The reason was that they found it difficult to cope with freedom because they found it almost impossible to secure gainful employment and out of frustration, they would commit crimes like robbery, etc., plead guilty to be returned to prison where they felt more on a course of action. He offered to set up scholarship for the children of these convicts. His reason being that the convict's children would have better chances of finding livelihood after basic education. Thereafter, increasing the odds, as he reasoned, that the parents who would be released from prison would have a family with a decent livelihood to come home to.

Using his own funds he chose each

year 30 to 35 children of convicts and sent them to school. He set aside an annual budget and when there were not enough students from the children of convicts he got children of lowly paid prison guards. No eloquent words could aptly describe the simplicity of his charity.

Among the other officers in the armed forces he befriended was a Lieutenant (s.g) in the Philippine Navy. On one occasion this friend confided to Kuya Bert that he intended to join a civic club. Major Pagotan told the friend to study his intention further, narrating that he once belonged to civic club which he left after realizing that their attempts at charity were just to publicity. Usually, lacking in sincerity. He instead advised his friend that he would be better off if he became a Mason because, according to Major Pagotan, Masons practice charity without publicity or fanfare expecting nothing in return. His friend inquired whether he was a Mason. The Major replied that he was not. Well, Lieut (s.g.) Isidro Banaria said " I thought so, but you see, I am a Mason!" to the astounded Major Pagotan. After a few moments of embarrassing silence, Major Pagotan meekly asked his friend how one may go about to become a Mason. And so, with VW Isidro Banaria sponsoring him, the future Grand Master came to see the Light.

In typical Pagotan style he soon devoted his full attention to this new vocation. His rise in the Craft was nothing short of astounding Barely a year from being raised, he was elected Junior Warden of his Lodge, Pagkakaisa Lodge No. 282. At some point thereafter the lease for the lodge hall where his Lodge met ran out. A few brethren of the Lodge "volunteered" the garage in Kuya Bert's house as a temporary venue. Kuya Bert Pagotan not only agreed to "volunteer", he innovated his garage to suit the Lodge's need.

A year later he was elected Senior Warden and four months later (1993) he became the Worshipful Master by design of the brethren. Earlier, because of Kuya Bert's reluctance to be Worshipful Master they elected another brethren to East and Bro. Pagotan to the West. Our Future Grand Master realized soon that it was a "set up". When Worshipful Master resigned, he ran out of options. Upon being installed Worshipful Master although not of his own volition, the new Worshipful Master proceeded to build his Lodge temple in seven months in allusion to the seven years the King Solomon spent building his temple.

Finishing his term after being chosen as Outstanding Worshipful Master by MW Pablo C. Ko, Jr., he was tapped as District Grand Lecturer by MW Danilo D. Angeles. And so started the short journey into the purple of our Institution. His unselfish and untiring devotion to Masonic labors became so amazing that Most Worshipful Danilo Angeles singled him out as a Most Outstanding Mason. VW Roberto Q. Pagotan continued his exciting adventure in our exalted Institution. He was tapped as District Deputy Grand Master for Masonic District No. 13 for 1996-97. The following year he was entrusted with probably one of the most exacting job in the Grand Lodge of the Philippines the position of Chief of Staff of the Grand Master in

addition to being Senior Grand Lecturer and Associate Editor of the Cabletow.

In 1998-99 he was made Executive Assistant by the next Most Worshipful Grand Master.

These accomplishments were not lost among then brethren, in recognition of his leadership, enthusiastic and satisfactory performance of all his assigned duties, The Most Worshipful Grand Lodge of the Philippines elected him Junior Grand Warden for Masonic Year 2001-2002; Senior Grand Warden for Masonic Year 2002-2003; Deputy Grand Master for Masonic Year 2003-2004.

Brethren, THE MOST WORSHIPFUL ROBERTO Q. PAGOTAN, Grand Master of the Most Worshipful Grand Lodge of Free and Accepted Masons of the Philippines for Masonic Year 2004-2005.

Utopia Found?

by Bro. Edwin Louis R. Gutierrez

There is a place that you can find
Where everyone is always kind,
Where everything is harmony,
Where every man is always free.

No politics are spoken there,
No arguments to rend the air,
Where smiles glow bright on every face,
A joyful and a friendly place.

A place where men can do good deeds
And share their lot with those with needs,
But still have fun in all they do
While being good and firm and true.

A place where God is still revered
And tyranny is never feared,
A place there virtues still are taught,
Where goodness is not sold or bought.

"A Shangri La?" you say to me,
"Why such a place can never be!"
Untrue, my friend, there's one I know,
A place where good men often go.

And not just one, but many more,
Both here at home, on distant shore,
Thousands and thousands, I would guess;
There might be more, but never less.

They've been around hundreds of years,
These places where men need have no fears,
So now you ask, "Were do I go?"
All right, my friend, I'll let you know.

Look for a sign with compasses and square,
Easily found, they're most everywhere,
Just note the number and the street
To know where Masons go to meet.

Anon.

EXTEMPORANIOUS SPEECH OF PRESIDENT GLORIA MACAPAGAL ARROYO 88TH ANNUAL COMMUNICATION CAGAYAN DE ORO CITY

I am very, very happy to be here with you today. This is not the first time I have joined the brotherhood of Freemasons in one of your events. I do remember one event in Metro Manila and other in Nueva Ecija. I am familiar with your rituals which I find in wonderful and an important part of the Philippine culture.

I am especially happy that today, not only you have invited me to be with you, but that you have recognized that I am a member of a Freemason family. I am happy that you remember my late Grandfather, Engineer Juan Macaraeg. You know, one day, when I was a child, in our house in San Juan, San Juan Rizal – at that time as a very curious little girl – I was going over the desk of my mother which also the desk of my late Grandfather. I opened the many drawers and started to bring out all papers that had been there for decades and decades, and I saw a full set of books about the Freemasonry and the membership of my Grandfather in your brotherhood. And I asked my mother, "Mommy, was Lolo Juan a Mason?" And she began to tell me the story of my Grandfather and his involvement in membership in your brotherhood. He was very active, she remembered, when he was working in Zamboanga City. That was where his home Lodge was. Why was my Grandfather in Zamboanga City? Because as an American Educated Engineer, he was recruited at that time, that was in the 1920's and Mindanao was the "Land of Promise." He was recruited by Santa Clara Lumber to be its General Manager, in Zamboanga Peninsula based in Zamboanga City. And through he had been a Mason since his days in Pangasinan, he was especially active in the Lodge in Zamboanga. The books that my Grandfather left in that desk which my mother inherited and which I, as a curious child, rummaged through and explored, contained many things that taught me what a great brotherhood, the

Brotherhood of Freemasonry is. I learned what was the life of a freemason. I learned about your brotherhood, I learned about your dedication to be in the service of others, a characteristics which is very much needed in our country at the time. I learned about your sense of reaching out to your own brethren, but beyond that, about the need for a Freemason to make a difference in your community. What ideal public servants Masons make. And that is why I am very proud that one of my most outstanding appointees is none other than one of your top leaders, Gen. Jun Ebdane. As public servant, indeed I find that it is important to carry out the Mason's spirit of reaching out to our brethren. To carry out the need to make a difference in the life of the community.

If you will allow me, because you have welcome me as a member of the family, may I let you know about how I would want to make a difference in the lives of our community in the next six years if the people of the Philippines will grant me an election for a full term as President. I have six pledges for the next six years. The first pledge is to create one (1) million jobs a year, every year that I am a president. I have been able to do this in the past. In the administration of President Estrada, he created 150,000 jobs a year, but in my short term as president, I have been able to create 1.1 million jobs a year.

The second pledge of my administration for the next six years is to triple the loans to small and micro enterprises. Again here, I have already made a strong start. In my short term as a president, I have been able to provide micro finance to one million income-less/ asset-less women. And while in the whole term of my predecessor, six billion pesos were released for small and medium enterprises in my term in 2003 alone, I was able to release to small and medium enterprises, 21 billion pesos in loans, and we intend to triple loans to small and micro enterprises in the next six years.

Pledge No. 3 is about basic services for our people. Pledge No. 3 is to bring clean water to everyone of the 45 thousand barangays in our country. Again, I have experienced in this because I have been able to bring water through my Kalahi Projects to our countryside and through the MWSS, PAGCOR, Maynilad and Manila Water joint project in Metro Manila. I have been able to bring clean water to more than 4 million Filipinos. In the next six years, we will do this for all 45, 000 barangays in our country.

Pledge No. 4 is to bring electricity to 1,500 barangays per year. Again, I have experienced in this because in my short term as president, I have been able to bring electricity to 1,500 barangays per year. Nay, expect more than that, because we have already started our reforms in electric power. They will bear fruit in the next administration and we

will be having the most competitive power rates in the regions in the Philippines.

Pledge No. 5 is about the needs of the ordinary poor. One us about health, because in my short term as president, I have been able to bring health insurance to the majority of the families in our country. In the next term, what we will do is to cut in half the price of the medicines commonly bought by the poor in our country.

and Pledge No. 6 is a bout Education. We will build 3,000 new school buildings. We will put a computer in every school. We will have one scholarship for vocational technical or college education for every indigent family of our country.

Six pledges for the next six year. I call on you, my brothers, cousin Mason to hold me accountable for this.

I thank you for this opportunity to share with you what I would like to do for the next six years in order to reach out to our brethren in order to make a difference in the lives of our community because I am inspired by your values of reaching out, making a difference. I am inspired, and I am calling you to help me build a strong republic.

You, the Masons, have a noble purpose and a vision. You have been a significant part of history. I have seen what you have done not only in my Grandfather's book but also in our history books of the world. I am counting on your nobility as Masons. Your nobility and your purposefulness as manifested in your outstanding and important roles in many sectors of our society to be build in blocks for the strong republic. We can built together. I see many of you here today, many of you are in my administration. Many of you are active in the business community. Many of you are active in other civic organizations as well as in civic society. You are the ones, together and individually who can reform an institution and our systems. And I know that your influence, your expertise, as individuals and as a brotherhood are formidable and will have a great impact should you decide to work on reforms with me. But I know that many of you are already working on your reforms with me.

I know that in many communities in which you are important and play a role, the Freemasonry are a catalyst for building a strong republic. Freemasonry is supposed to make good man better. Freemasons will make our good republic even better in the 21st century.

Therefore, to all of you my brothers, my brother Masons, thank you for making me a member of your family. Thank you for making me a part of this most important occasion. Let us together be a part of building a strong nation in the 21st century. Congratulations and thank you!

FREEMASONRY: A BRIDGE AMONG MEN

by MW Roberto Q. Pagotan
Grand Master MY 2004-2005

Our beloved Past Grand Masters of Masons in this Jurisdiction, dignitaries and brethren from other jurisdiction, RW Sirs, VW Sirs, Worshipful Sirs, Brethren, Families and Friends of Masons, a pleasant day to all of you.

As a sense of duty, let me first thank our Installing Officers, MW Danilo D. Angeles, Past Grand Master of Masons in our jurisdiction, who was kind and accommodating enough to have accepted the responsibility of installing the officers of this Grand Lodge for this Masonic year.

I also would like to thank our Master of Ceremonies, MW Pablo C. Ko, Jr., himself also a Past Grand Master of Masons in this Jurisdiction.

And although it was expected of them, I still would like to acknowledge their proficiency in these ceremonies, very well worthy of emulation. To this, let us give them both a round of applause...

I am deeply honored that all of you are present and able to witness and experienced not only this unforgettable and auspicious event in my Masonic life, but also the entirely of this 87th Annual Communication of Masons.

Undoubtedly, your presence has made this convention a rousing success!

I thank the hosts of this Annual Communication, Officers, Men and Women of Masonic District 28 and 30, for graciously providing the venues for this undertaking.

Truly, their unselfish efforts deserve the recognition and appreciation of the Grand Lodge of the Philippine and the brethren who were here during these last few days.

I also would like to acknowledge my wife, Shirley, who, throughout my Masonic life has been my guardian angel, who stood by my side in good and in bad times, and who at all times, gave me the encouragement, support and inspiration.

In behalf of my family, and as I invoke the blessing of the Great Architect of the Universe, it is with honor and pleasure that I accept my installation as the Grand Master of the Grand Lodge of Free and Accepted Masons of the Philippines for this masonic year.

Although it seems ironic, that the excitement was more deeply felt when I was elected to the position of Junior Grand Warden four years ago, yet this anticipation of assuming the highest, and believably the most exalted position, in Freemasonry, has come to its climax, just a few days earlier.

Believe me, my brethren, this journey to the oriental chair not through a path strewn with roses.

It was through a long, rough and rugged road, so to speak.

It was through several years of hard

work and dedication, and at times, through frustrations and challenges.

Let me tell you my brethren that these challenges and frustrations even made me stronger, and even made me better prepared to accept the responsibilities entrusted to a Grand Master.

To this, I also would like to give credit to the extraordinary patience and understanding of my adorable wife for if only she were an ordinary mortal, she would have given up on me, or in another way she could have asked me to give up on masonry.

So here I am my brethren, your Grand Master for this Masonic year, accepting and committing myself to discharge all the duties expected from me, with all humility, high spirits and with dignity.

My program of governance for this Masonic year is in accordance with the theme "Freemasonry: A Bridge Among Men."

Allow me to explain to you the wisdom of this theme:

It is common knowledge among brethren, that even in the Grand Lodge itself, many of our brothers have been at a distance, and at times, even at odds with other brethren or with their own lodges, for reasons too many to mention.

For many years, the Craft has been challenged by determined and willfully ignorant critics.

As they say, there are none as deaf as those who do not wish to hear. There exist some negative perceptions of our Fraternity, not only among some religious organizations, but even among some sectors of our society.

Among some religions, the reason maybe easier to explain, but a negative impression from some sectors in our communities, and this is being experienced presently, would only be justified by our acts as Masons.

There is perceived deterioration and decline of pride among some of us Masons either of our institution or of our personalities as Masons, ourselves.

These are but a few, and yet, even without added rationalization.

I believe that such a theme, "Freemasonry: A Bridge Among Men" should always be a guiding principle among all of us, to tear down the walls that divide us Masons and those walls that separate Masonry from humanity and human societies.

As Grand Master of Masons, for this Masonic year, I shall endeavor to accomplish the following:

Sustain the continued improvement of operations and processes at the Grand Lodge, to make the Grand Lodge more responsive to the needs of the brethren, and the subordinate lodges, particularly those from the provinces and abroad.

Improve the system of communication between the Grand Lodge and the Subordinate Lodges and enhance communication among lodges through the Grand Lodge.

We shall take optimum advantage of the use of the internet among lodges and brethren.

And while Edicts and Circulars can

be accessed through the e-mail network, I shall continue to ensure prompt and regular transmission and receipt of all communications coming from the Grand Lodge and Subordinate Lodges.

Improve the society's understanding of Masonry.

This will be undertaken through the "Bring a Friend" project.

This Masonic year, this shall be implemented by all districts in this jurisdiction, to open the external features of Freemasonry to those who are not aware but wanting to know about our Craft.

Encourage wider implementation and organization of reaching out to temporarily distanced brethren, through the project, "Bring a Brother and Family", we would initiate a program of reaching out to brethren concerned to make themselves and their families feel that they belong to a noble and honorable institution.

Maximize Masonic understanding among brethren.

By this, your Grand Master will, through the Senior Grand Lecturer, ensure a sustained Masonic Education System among subordinate lodges.

Enhance Masonic contribution to the environmental concern and understanding.

Due to some recent tragedies, which were caused mainly by lack of environmental concern, the effect brought about by these tragedies have exacted pain not only to our brothers and sisters in the areas hit, but also the whole country.

This year, we will further encourage subordinate lodges to develop and intensify environmental programs and to some extent work with communities and other organizations in the pursuit of environmental plans.

Those I have earlier mentioned are only some of the basic programs I hope to perform and implement within a short period of one year.

I promise, my brethren, soon as we separate and return to our respective stations of work, I shall continue to discover more of our needs, and through my level best endeavor to bring about results for the benefit of this grand lodge and of Freemasonry.

The success of all our programs does not depend solely upon me, your Grand Master, but also in the solidarity and support of all of us, brethren.

Without your cooperation, all our efforts will surely fail.

Going back to our theme, "Freemasonry: A Bridge Among Men", I wish to inform you my brethren that as we pursue this vision, let us all be guided and inspired, as always by the principal tenets of brotherly love, relief and truth.

I hope, that with these all in our minds and hearts, we can best work and best agree to see to it than when my short-lived tern ends, we can all rejoice and say that during my tenure as Grand Master all our hardships have not been in vain.

I, therefore, urge you to join us in making our programs fruitful.

Let us all become bridges for our

brothers, their families, and all those who are at a perpetual distance.

Let us bring the Masonic light to our community and share with them our desire to be better and upright men of honor, better husbands to our wives, and father to our children, and most of all, good and worthy Masons.

As you have put your trust and confidence in me as your Grand Master, with the other officers of the Most Worshipful Grand Lodge of the Philippines, I will endeavor to be worthy of this trust.

Thank you for this lifetime honor, which you have given to me and my family.

Good day and God Bless us all.

The Real Mason

My Brother, Masonry means
much more
Than just wearing of a pin
Or carry a paid up dues receipt
So the Lodge will let you in

You may wear an emblem on
your coat,
From your finger flash a ring,
But if you're not sincere at heart
This doesn't mean a thing.

Its merely an outward sign to
show
The world that you belong
To this great Fraternal
Brotherhood
That teaches right from wrong.

What really counts lies buried
deep
Within the human breast,
Till Masonic teaching brings it out
And puts it to the test.

If you can practice out of the
Lodge
The things you learn within
Be just and upright to yourself
And to our fellowship;

Console a brother when he's sick
Or assist him when in need,
Without a thought of personal
reward
For any act or deep.

Walk and act in such a way
That the world without can see,
That none but the best can meet
the test
Laid down by Masonry.

Always live up to your trust
And do the best you can,
Then you can proudly tell the
world
You're s Mason and a Man.

GRAND LODGE OFFICERS FOR Masonic Year 2004-2005

Grand Master	-	MW Roberto Q. Pagotan

The Knife and Fork Degree

I do not attend the meetings,
for I've not time to spare.
But every time they have a feast,
you will surely find me there.
I cannot help with the degrees,
for I do not know the work.
But I sure can applaud the speaker,
And handle a knife and fork.
I'm so rusty in the ritual,
that it seems like Greek to me,
but practice has made me perfect
in the knife and fork degree.

PROGRAM FOR MASONIC YEAR 2004-2005

THEME: "FREEMASONRY: A Bridge Among Men"

Freemasonry in the new millennium is facing new challenges. This was brought about by the changing world, caused by many unfortunate incidents all over the world. The Fraternity faced again old issues about its existence, particularly, from the Church. The fundamentalists and extremists once more are on the run to magnify some of the many distorted concepts about Freemasonry.

But in all ages, Freemasonry survived. Our survival by our expression of Brotherly Love, Relief and Truth, enabled many of us, Masons, to fell, understand and appreciate our achievements not only in this country, but throughout the world. We are still relevant and as we travel along the path of truth, we shall fortify ourselves, invigorate our fraternity and undertake programs not only for us, but for our family and the community.

Freemasonry shall bridge the gap and cross the river of ignorant prejudices because our Order, by nature, is a bridge. It joins together upright and free men of different races, languages and creeds. This year, we shall endeavor to bring back understanding among Masons and those of perpetual distance. By the Spirit of Brotherly Love, Relief and Truth, we can make a universal reality, so o exhibit the wisdom, strength and beauty of Freemasonry.

VISION: A Fraternity relevant to the Brethren, their Families, the Community and Excellence in Service.

MISSION:

- Provide better service to the brethren, their families and the community.
- Strengthen organizational management and leadership at the District and Lodge Level.
- Strengthen relationship with the community.
- Strengthen and improve Masonic Education.

PROGRAMS

In the field of Organizational Management

- An active corporate board and Board for General Purposes
- Transparency and better governance of the Grand Lodge
- Effective performance of Grand Lodge Committees
- Improve Grand Lodge Office policies and procedures

- Strengthen computer program in the Grand Lodge
- Establishing the Masonic Mediation Center

In the field of advocacy, networking and public service

- Continue rehabilitation of the Acacia Mutual Fund
- Assistance to deprived schools
- Initiate community service at District and/or Lodge Level
  - Youth Development
  - Environmental Program
  - Medical and Dental Assistance
  - Adopt a school program
  - Formalize Sweet Fraternity Program

In the field of Information, Education and Communication

- Institutionalizing the Institute of Masonic Education and Studies
- Program to improve membership in Lodges
  - Retain members admitted into the Craft
  - Revitalize Senior members
  - Renewal to interest of the "lost sheep" in the craft
- Timely dissemination of Edicts, Circulars and other information through e-mail.
- Encourage District Bulletin and Lodge Newsletter
- Institutionalizing the Masonic Advisory Council at District Level
  - Review of the Monitor
  - Update of the Masonic Law Book

SUGGESTED CALENDAR OF ACTIVITIES

MAY

Organization of District Council
Installation of Grand Lodge Inspector

This month shall be for the turnover of the District Council to the incoming District Deputy Grand Master. A formal turnover shall be done in one of the meetings of a Lodge in the District. During the meeting of the Lodge, the appointed Grand Lodge Inspector shall be installed by the DDGM or the District Grand Lecturer.

JUNE - MASONIC HEROES MONTH

The Celebration of the Independence Day must be participated by all Masons in the District. As practiced, a parade shall be made and is directed by the Local Government Unit, Masons must actively participate. Lodge Masonic Lectures include the works of Masonic Heroes such as Marcelo H. del Pilar, Emilio Aguinaldo and others.

JULY - MASONIC FAMILY MONTH

The program Bring a Brother and Family shall be implemented by Lodges. A Brother must endeavor to bring a lost brother and his family to the Lodge activity. The District shall select a week for this activity.

AUGUST - MASONRY THE COMMUNITY MONTH

The program, Bring a Friend Day is to be implemented. The District shall select a week to implement this program. An Open House of the Lodge shall be good approach. The public shall be invited and a lecture on the history of the Craft, the lodge and our community services all over the world is a must. Medical and Dental assistance are scheduled in some areas, or other community service should be done.

SEPTEMBER - MASONIC YOUTH MONTH

Lodges shall support DeMolay, Jobs Daughter and Rainbow for Girls programs and other services. Masonic Education includes Masonic commitment to youth development, etc.

OCTOBER - WIDOWS AND ORPHANS MONTH

In accordance with existing Edict, all lodges must celebrate Widows and Orphans Day, a program fitting for our Masonic Widows and Orphans.

NOVEMBER - MASONRY AND ENVIRONMENT MONTH

Lodges to implement tree planting in parks or riverbanks, tree planting in mangrove areas, artificial coral reef regeneration, etc.

DECEMBER

Election of Officers
Gift Giving Program
Family Christmas celebration

Lodges and Appendant Bodies are encouraged to organize activities which will

be of greater impact to the Families of Masons and the Community through Gift Giving. District level program is encouraged to enhance unity and cooperation among Masons, members of the Appendant Bodies, as well as the members of the Family of Masons. This month is the best time to exemplify our tenets of Brotherly Love and Relief.

JANUARY

Institute of Masonic Education and Studies
Proficiency of Elected Lodge Officers before Installation

The District shall religiously implement the Institute of Masonic Education and Studies where the program of the Lodges are prepared in line with the direction of the IMES and the Grand Lodge, requiring the attendance of all Elected and Appointed Officers. Their attendance to the IMES shall be one of the requirements of their Installation. The IMES must be a continuing program of the District.

FEBRUARY

Honoring the Ladies of Masons

It is well said " that in every man's success is a woman". In Masonry, it is doubly true for we are men who should be always true to our Ladies. The Ladies of Masons are the jewels and inspiration of the Fraternity. Without their support, encouragement and understanding, our endeavors will not be successful. To give them a fitting tribute to their important roles in our lives, in particular, and Masonry, in general, District/Lodges are encouraged to set a day or night to honor them and make them feel our gratitude for all their efforts in making our lives as Masons meaningful.

MARCH

Masonic Olympic Lodge

To encourage healthy competition among the brethren and to enhance awareness in proficiency of its members, lodges shall organize "Masonic Olympic Lodge" where individual Mason's competence in the lectures and rituals will be developed. If possible, inter-lodge healthy and friendly competition is suggested to promote District-wide awareness and proficiency.

APRIL

Annual Communication

Masonic Education must relate to the Monthly Activities to allow internalization and actualization of the Masonic Principles and Virtues taught in our lodges.
